

Request for Approval under the “GENERIC CLEARANCE FOR QUALITATIVE CONSUMER EDUCATION, ENGAGEMENT, AND EXPERIENCE INFORMATION COLLECTIONS”

(OMB Control Number: 3170-0036)

1. TITLE OF INFORMATION COLLECTION:

CFPB Tax Time Savings Initiative; Post-tax season pilot participant survey

2. PURPOSE:

The purpose *Ready, Set, Save* is to encourage earned income tax credit (EITC)-recipients and other taxpayers with low incomes to engage in savings and wealth-building activities during the tax preparation process. This is the second request for information from the 41 organizations that agreed to participate in the CFPB tax time savings pilot identified as Ready? Set, Save! The first inquiry sought primarily logistical information from the organizations on best times for the CFPB to offer training, quantities of various materials the organizations could use in their tax campaign and the number of people participating in the trainings provided by the CFPB. From the results of that initial inquiry we were able to schedule and deliver 3 webinar style trainings for staff and volunteers and deliver educational and consumer materials to the 41 pilot organizations in advance of tax season.

The purpose of this inquiry is to collect information from the same 41 non-profit organizations to get their feedback on the experience of using the Ready, Set Save materials and training during the tax season which ends on April 15, 2016. The information provided will help the Bureau get a better understanding about how organizations such as those included in the pilot integrate savings promotions strategies in their VITA campaign and the value that the Bureau can provide in support of those efforts. The information we are requesting includes a small amount of quantitative data including number of returns filed, number of EITC filers, and number of people who saved, plus a narrative report of no more than two pages describing the effectiveness of the tools, materials and training provided by CFPB, and any recommendations for improvement. This information will not be used to evaluate the quality or effectiveness of the individual programs or respondents.
