**Title**

Social Security Number, no dashes xxxxxxxxx-For PULHES Table

Social Security Number, no dashes xxxxxxxxx-For Immunization Table

Social Security Number, no dashes xxxxxxxxx-For IMR Table

A code that indicates individual dental classification

Date of last dental exam

Indicates vision readiness classification.

Indicates date of last vision screening test

Indicates hearing readiness classification

Indicates date of last hearing exam

Indicates if personnel requires / has a Sickle Cell screening

Indicate the date the Sickle Cell screening was conducted

Indicates the date the Army Glucose 6-Phosphate Dehydrogenase (G6PD) Deficiency Screening was administered

Indicates the result of the Army Glucose 6-Phosphate Dehydrogenase (G6PD) Deficiency Screening

Indicates if personnel has DNA on file with Armed Forces Institute of Pathology (AFIP) or if sample has been drawn.

Indicates date the DNA specimen was drawn

Indicates if personnel has HIV antibody test on file or if sample has been drawn.

Indicates date (year / month) HIV sample was drawn

Indicates if personnel requires/has personal medications (vitamins, non prescription meds, etc.)

Indicates pregnancy status of women personnel

Indicates date of last pregnancy test.

Indicates date of last PAP smear test for female personnel.
Indicates date of last mammogram test
Indicates blood type of individual

Indicates if personnel requires/has 180 days supply of prescription medication.
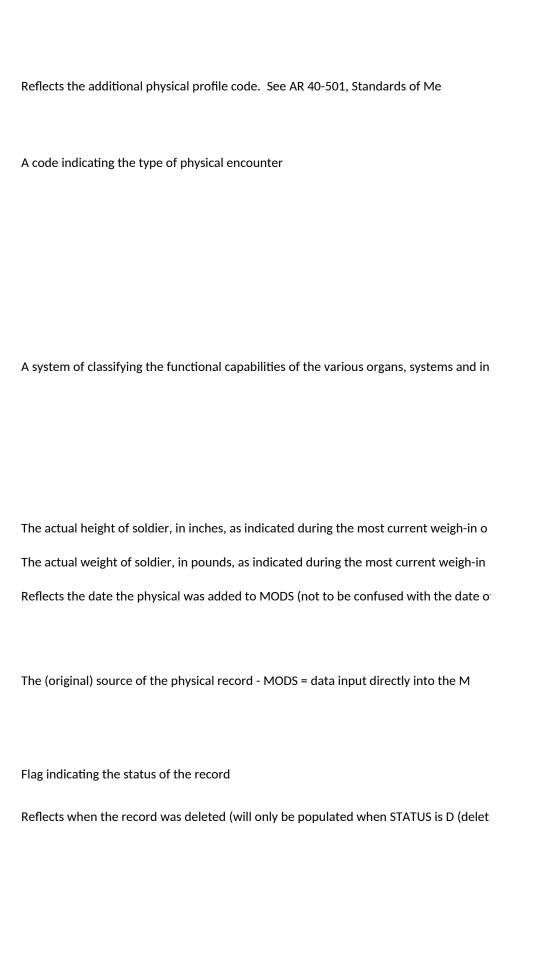

Indicates if personnel requires/has medical warning tags

Indicates if personnel has a medical non-deployable profile

Indicates the USAR individual's physical qualification as a result of the last physical examination

Indicates if personnel has a deployment limiting condition other than a 3 or 4 in PULHES (temporary or permanent)

Indicates if personnel has been queried for existence of Exceptional Family Members (with special medical or educational needs), and has been referred for screening and enrollment if appropriate.

Indicates if personnel requires/has medical records reviewed.

Indicates if Soldier requires/has completed a DD Form 2766 (Adult Preventive and Chronic Care Flowsheet).

The DD 2766 is the deployment health record for the deploying individual.

The indication of whether an individual is required to perform regular and frequent aerial flights in performance of assigned duties, and thereby collects flight pay.

The indication the Soldier has a special skill such as diver, military free fall or special forces

Reflects the date the immunization / vaccination was given

Represents the Center for Disease Control (CDC) vaccination number

Indicates the dose of the immunization given

Reflects date of physical encounter

Reflects the primary physical profile code.  See AR 40-501, Standards of Medical Fitnes

Reflects the secondary physical profile code.  See AR 40-501, Standards of Me

Reflects the additional physical profile code.  See AR 40-501, Standards of Me

A code indicating the type of physical encounter

A system of classifying the functional capabilities of the various organs, systems and in

The actual height of soldier, in inches, as indicated during the most current weigh-in o

The actual weight of soldier, in pounds, as indicated during the most current weigh-in

Reflects the date the physical was added to MODS (not to be confused with the date o

The (original) source of the physical record - MODS = data input directly into the M

Flag indicating the status of the record

Reflects when the record was deleted (will only be populated when STATUS is D (delet
