

Public reporting burden of this collection of information is estimated to average 20 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. An agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden to CDC/ATSDR Information Collection Review Office, 1600 Clifton Road NE, MS D-74, Atlanta, Georgia 30333; ATTN: PRA (0920-XXXX).

PRE ASSESSMENT

INTRODUCTION

This survey is sponsored by OPHPR's Learning Office as part of an education and training intervention. The purpose of this survey is to gather information about CDC employees' current state of personal or household preparedness. This survey asks questions about your current state of personal or household preparedness, including potential threats, specific actions you have taken, and demographic information.

Your participation in the intervention, including this assessment, is completely voluntary and information you provide will be treated in a secure manner. You have been assigned a participant ID number; this number will be linked to your responses. No information you provide will be tied to your identity in any way. Generated reports will be in summary form only. Results will be used to test the usefulness of the education and training intervention only. It is intended that results will be shared in summary reports and developed for submission into scientific, peer-reviewed journals.

Please note that there are many questions that ask about disaster or emergencies, which are used interchangeably. For purposes of the current survey, the term "disaster" or "emergency" refers to events that could disrupt water, power, transportation, and also emergency and public services for up to three days (e.g., natural disasters, acts of terrorism, hazardous materials accidents, severe disease outbreak, etc.).

In addition, please answer questions in relation to your household. "Household" refers to your current residence and can include an individual, individual with family members, and individual with roommates, or individual with family and roommates.

Participant ID Number: XXYY
