MN1G061n *9MFU Name of New Child(ren)*

What is the child's name?

[ENTER THE CHILD'S FIRST NAME HERE.]

Question Type: *string[25]*

Logic after:

Based on this question, add all new children to the child loop. Fill variable is called, ^CHILD (child's first name). Do not overwrite this variable at each loop. Later we will need all of the children's names, both new and preloaded (excluding all deceased children). All living non-focal children, new and preloaded, should be on one child loop. Create new output variable called NUMBCHILD (number of new children) based on how many times the MN1D033-MN1G064 loop was gone through with MN1D033 = YES. Create another new output variable called TOTALCHILD (total number of children) based on NUMBCHILD (number of new children) plus MN1D030 = 1 (focal child is living) plus the number of times MN1D032 = 1 (non-focal child from BL is living). TOTALCHILD should equal a number and will be used to gate subsequent items in the interview. Create a variable to be used in subsequent fills called ^children. If TOTALCHILD = 1 ^children = child. If TOTALCHILD GT 1, ^children = children. Another fill called ^children2 will have a comma after the word 'child' or 'children'.

[READ THE FORM TO THE RESPONDENT.]

[OPTIONAL PROBE: By matching your information with administrative records from these agencies, we'll be able to get a bigger picture of how families with an incarcerated father are doing and what kind of programs really help them. This type of information is not publicly available, so we can only get it with your consent. These agencies will not be permitted to use your personal information for any purposes other than to fulfill our research request, and we'll be combining your data with data from all of the other study participants rather than looking at your personal information individually. If you choose to give permission for this data matching, it will help us to ensure the usefulness of this study to other families in your situation.]

Preload MBHOUarr1 and MNHOUarr1. If (MBHOUarr1 or MNHOUarr1) = assent, skip to MEHOU28a. Else ask MEHOUarr1.

MEHOUarr1 *Records Release Form Consent*

[HAND R ADMINISTRATIVE RECORDS RELEASE FORM.]

Before we go, I've got one more form I'd like to show you. This document is called an administrative records release form, and I'm going to read it out loud to you. It will explain what we are asking you to do. After I'm done reading it, I will answer any questions you may have.

[READ THE FORM TO THE RESPONDENT.]

[OPTIONAL PROBE: By matching your information with administrative records from these agencies, we'll be able to get a bigger picture of how families with an incarcerated father are doing and what kind of programs really help them. This type of information is not publicly available, so we can only get it with your consent. These agencies will not be permitted to use your personal information for any purposes other than to fulfill our research request, and we'll be combining your data with data from all of the other study participants rather than looking at your personal information individually. If you choose to give permission for this data matching, it will help us to ensure the usefulness of this study to other families in your situation.]

[IF R AGREES, HAND R PEN AND INSTRUCT R TO SIGN THE FORM. THEN YOU SHOULD SIGN THE FORM.]

DID R CONSENT OR REFUSE?]

Question Type: *Tadmin*

assent 1 YES: R CONSENTS
