

CAPI Changes for ID Research Cases

May 10, 2013

* indicates new variable

For IDFT Respondents

HM_NET [after UNITQ]

Do you or someone in your household have internet access through a computer, tablet, or smartphone?

1. Yes
2. No

(allow DK/RF) (set by QTYPE)

(if HM_NET = 2, DK, RF goto THANK_W1 and store 249 in INSTAT1 and PICK_UP1)

*MOB_NET [if HM_NET = 1, asked after demographics]

Does [insert roster name] have internet access through his/her/your smartphone?

1. Yes
2. No

(allow DK/RF)

(if MOB_NET = 1 goto WK1_ST1 (or WK2_ST2 if INSTAT1 ne 201),, if MOB_NET = 2, DK, RF goto WEB_NET)

*WEB_NET [if MOB_NET = 2, DK, RF]

Does [insert roster name] have internet access through a computer or tablet?

1. Yes
2. No

(allow DK/RF)

(if WEB_NET = 1 goto WK1_ST1 (or WK2_ST2 if INSTAT1 ne 201), if WEB_NET = 2, DK, RF goto THANK_W1 and store 249 in INSTAT1 and PICK_UP1)

FOUR_CK (?????May not be needed?????)

Create new answer list fill based on QTYPE:

1. Continue with income
2. Place diaries with HH members

CONSUMER_UNITS – These questions will be asked only to IDFT participants, but individualized versions of existing CAPI Questions

Add additional FR instruction: This is an **Individual Diary** case, be sure to interview only CU 01. Any additional CUs should be coded as "Type C – Individual Diary Spawn" in Case Management.

(create new fill set by QTYPE)

WK1_ST1

If QTYPE=1 "This is a Web Diary case. Instruct the respondent on how to use the Web Diary and provide the respondent with the User Guide." ELSE fill "Instruct the respondent on how to complete the Week 1 Diary, and attempt to leave the Diary form with the respondent"

If QTYPE=1 "Did the respondent agree to complete the Web Diary" ELSE fill "Was the Week 1 Diary placed?"

If QTYPE=1 "Transcribe the following Web Diary username and password onto the user guide for the respondent." ELSE, leave blank.

^Q_WDUSER ^Q_WDPIN (with multiple lines here for individual diary and and extra column for both web and mobile)

THANKW1

(*add new Fill.THANKID)

Fill.THANKID

(*copy instruction from THANKWK3 where DPLC_CHK=1, and add QTYPE condition)

(*change "pick up" to "complete the interview")

ANYENTR1

Add new question fill: **Did you or someone in your household record any expenses in the Individual Diaries during the first week?**

(create new fill set by QTYPE, current question/instruction must be changed to a fill as well)

ANYENTR2

Add new question fill: **Did you or someone in your household record any expenses in the Individual Diaries during the second week?**

(create new fill set by QTYPE, current question/instruction must be changed to a fill as well)

ANYRECAL1

Add new FR instruction fill: [Were any expenditures added to the Week 1 Individual Diaries through recall?](#)

(create new fill set by QTYPE, current question/instruction must be changed to a fill as well)

ANYRECAL2

Add new question fill: [Were any expenditures added to the Week 2 Individual Diaries through recall?](#)

(create new fill set by QTYPE, current question/instruction must be changed to a fill as well)

ANYBUY1

Add new question fill: **Did you or someone in your household have any expenses or purchases during the first week?**

(create new fill set by QTYPE, current question/instruction must be changed to a fill as well)

(remove FR instruction about "none" boxes for ID)

ANYBUY2

Add new question fill: **Did you or someone in your household have any expenses or purchases during the second week?**

(create new fill set by QTYPE, current question/instruction must be changed to a fill as well)

(remove FR instruction about "none" boxes for ID)

MEMAWYW1

Add new question fill: **Were you or someone in your household away overnight for one day or more during the first week?**

(create new fill set by QTYPE, current question/instruction must be changed to a fill as well)

MEMAWYW2

Add new question fill: **Were you or someone in your household away overnight for one day or more during the second week?**

(create new fill set by QTYPE, current question/instruction must be changed to a fill as well)

GUESTSW1

Add new question fill: **Did anyone else, such as visitors, stay overnight for one day or more during the first week of the reference period?**

(create new fill set by QTYPE, current question/instruction must be changed to a fill as well)

GUESTSW2

Add new question fill: **Did anyone else, such as visitors, stay overnight for one day or more during the second week of the reference period?**

(create new fill set by QTYPE, current question/instruction must be changed to a fill as well)

***NTRY1_01-16**

Add new question fill: **Did you record any expenses in your Individual Diary during the first week?**

(create new fill set by QTYPE, current question/instruction must be changed to a fill as well)

***NTRY2_01-16**

Add new question fill: **Did you record any expenses in your Individual Diary during the second week?**

(create new fill set by QTYPE, current question/instruction must be changed to a fill as well)

***RECL1_01-16**

Add new FR instruction fill: **Were any of your expenditures added to the Week 1 Individual Diary through recall?**

(create new fill set by QTYPE, current question/instruction must be changed to a fill as well)

***RECL2_01-16**

Add new question fill: **Were any of your expenditures added to the Week 2 Individual Diary through recall?**

(create new fill set by QTYPE, current question/instruction must be changed to a fill as well)

***BUY1_01-16**

Add new question fill: **Did you have any expenses or purchases during the first week?**

(create new fill set by QTYPE, current question/instruction must be changed to a fill as well)

(remove FR instruction about "none" boxes for ID)

***BUY2_01-16**

Add new question fill: **Did you have any expenses or purchases during the second week?**

(create new fill set by QTYPE, current question/instruction must be changed to a fill as well)

(remove FR instruction about "none" boxes for ID)

***MWYW1_01-16**

Add new question fill: **Were you away overnight for one day or more during the first week?**

(create new fill set by QTYPE, current question/instruction must be changed to a fill as well)

***MWYW2_01-16**

Add new question fill: **Were you away overnight for one day or more during the second week?**

(create new fill set by QTYPE, current question/instruction must be changed to a fill as well)

NTYPE_W1, NTYPE_W2

Add additional example to Type A FR instruction: ... [“Individual Diary Language Barrier”](#)
(create new fill set by QTYPE)

TYPEA_W1

Add additional precode: [4. Individual Diary language barrier](#)
(*Change universe for RACRF_W1)
(create new answer list set by QTYPE)

TYPEC_W1

Add additional precode: [14. Individual Diary spawn](#)
(create new answer list set by QTYPE)
(If TYPEC_W1 = 14 goto [THANKYOU](#) and store 249 in INSTAT1 and PICK_UP1)

INSTAT1

Add codes 249, 291, and 327

PICKUP1

Add codes 249, 291, and 327

OUTCOME

Add codes:
327 Type A – Individual Diary Language Barrier
249 Type C – Individual Diary Screen Out
291 Type C – Individual Diary Spawn

RECALL TAB

Add a parallel tab with an input table similar to the Web Diary recall entry tab.

Include FR instruction: [Enter any expenses the respondent\(s\) may have forgotten to include in the Individual Diary for the reference period.](#)

Processing Requirements

1. Add QTYPE variable to CED control file
2. Add value of “3” to AUTOMAN variable to indicate recall entries from CAPI

Add ID debriefing questions to back of CAPI instrument – IDFT Respondents

Respondent

ID Mobile-Optimized Web Diary Respondents:

- R1. What did you like about this application? [open]
- R2. How easy or difficult was it to record your expenses? Would you say very easy, easy, neither easy nor difficult, difficult, or very difficult?
- R3. How could we improve the process of recording your expenses? [open]
- R4. When using the mobile-optimized web application to record your expenses, how secure do you feel that your data is? Would you say completely secure, somewhat secure, neither secure nor insecure, somewhat insecure, or completely insecure?

ID Web Diary Respondents:

- R1. What did you like about this application? [open]
- R2. How easy or difficult was it to record your expenses? Would you say very easy, easy, neither easy nor difficult, difficult, or very difficult?
- R3. How could we improve the process of recording your expenses? [open]
- R4. When using the web application to record your expenses, how secure do you feel that your data is? Would you say completely secure, somewhat secure, neither secure nor insecure, somewhat insecure, or completely insecure?

Field Representative

WD FR:

- FR1. Would you say the respondent was very cooperative, somewhat cooperative, neither cooperative nor uncooperative, somewhat uncooperative, or very uncooperative?
