U.S. Department of Labor

Office of Workers' Compensation Programs Division of Coal Mine Workers' Compensation

NOTE: This report is authorized by law (30 U.S.C., 901 et. seq. and 20 CFR 718.102) and required to obtain a benefit. The results of this interpretation will aid in determining the miner's eligibility for black lung benefits. Disclosure of a social security number is voluntary. The failure to disclose such number will not result in the denial of any right benefit, or privilege to which the claimant may be entitled. This method of collecting information complies with the Freedom of information Act, the Privacy Act of 1974, and OMB Cir. No. 108.

OMB No. 1240-0023 Expires: ¢¢Ë¢¢Ë¢¢¢¢

requested the interpretation. The form m	igle film by placing "X" in the appropriate boxes on the form and return it promptly to the office that nust be completed as per instructions, signed by a physician, and contain the miner's name, and if Labor will pay only for films of acceptable quality (1, 2 and 3). Films of inferior quality (U/R) must
1A. Miner's Name (Print)	1B. Date of X-ray Mo. DAY YR. 1C. Miner's Social Security Number 1D. Film Quality (If not Grade 1. Give Reason): 1 2 3 U/R

searching existing data sources, gath any comments regarding these estima the Division of Coal Mine Workers' Co	ge of 3 minutes to complete this information collection, including time for reviewing instructions, sering and maintaining the data needed, and completing and reviewing the information. If you have ates or any other aspect of this survey, including suggestions for reducing this burden, send them to mpensation, U.S. Department of Labor, Room N-3464, 200 Constitution Avenue, N.W., Washington, OMPLETED FORM TO THIS OFFICE
NOTE: Persons are not required to respor	nd to this collection of information unless it displays a currently valid OMB control number.

For Purposes of Coding for the Department of Labor, the following criteria will be used ILO 2000 INTERNATIONAL CLASSIFICATION OF RADIOGRAPHS OF THE PNEUMOCONIOSES

t is to be taken that the definition of such Symbols is preceded by an appropriate word or phra	1D Technical Quality	
Acceptable, with no technical defect likely to im the radiograph for pneumoconiosis. Poor, with some technical defect but still accepta purposes. U/R - Unacceptable. Defence Symbols ax - coalescence of small pneumoconlotic opacities. bu - bulla (e) - ca - cancer of lung or pleura - cn - calcification in small pneumoconiotic opacities - co - cp - cor pulmonale - cv - cavity - di - marked distortion of the intrathoracic organs - effusion - em - definite emphysema - es - eggshell calcification of hilar or mediastinal lump - fr - fractured rib(s) - hi - enlargement of hilar or mediastinal lump - ill defined diaphragm - ill defined heart outline - septal (kerley) lines - od other significant abnormality		
the radiograph for pneumoconiosis. Poor, with some technical defect but still accepta purposes. U/R - Unacceptable. Other Symbols It is to be taken that the definition of such Symbols is preceded by an appropriate word or phrasuggestive of", etc. SYMBOLS DEFINITIONS ax - coalescence of small pneumoconlotic opacities. bu - bulla (e) - ca - cancer of lung or pleura - cn - calcification in small pneumoconiotic opacities abnormality of cardiac size or shape - cor pulmonale - cv - cavity - di - marked distortion of the intrathoracic organs - ef - effusion - definite emphysema - es - eggshell calcification of hilar or mediastinal lump fr - fractured rib(s) - ho - honeycomb lung id - ill defined diaphragm ih - ill defined diaphragm ih - ill defined diaphragm in - other significant abnormality	nair classification of
