

The Office of the Comptroller of the Currency (OCC), Office of the Ombudsman is conducting a survey to evaluate the content and conduct of OCC examinations and supervision. Your institution's input will help measure OCC's performance and progress in improving the supervisory experience and agency communications. Your institution's participation in this survey is essential for OCC to improve every institution's experience with future supervision and examination processes.

Participation in this survey is completely voluntary. Individual responses will be kept confidential. The survey is estimated to take approximately 10-15 minutes of your time, but will vary depending on your response selections and the extent of comments you provide. If there is a survey question that does not apply to your institution or the examination just completed, you may skip the question.

For questions about the nature of the survey or to report concerns of a substantive nature about the survey, please contact Mr. Larry Hattix, Senior Deputy Comptroller for Enterprise Governance and Ombudsman, OCC, at larry.hattix@occ.treas.gov or by phone at (202) 649-5530.

For technical questions about the operability of the online survey, or to request a PDF version of the survey that can be easily printed and shared with your team, please contact Ms. Juliane Corman, LMI, at jcorman@lmi.org or by phone at (571) 633-7915. Please submit all final responses and comments via the web-based tool.

Thank you in advance for your participation!

PAPERWORK REDUCTION ACT STATEMENT FOR EXAMINATION QUESTIONNAIRE

No person is required to respond to an information collection unless it displays a currently valid OMB control number. This information collection is approved under Office of Management and Budget (OMB) Control Number 1557-0199. This information collection is voluntary. This information collection is needed to permit an institution to provide feedback, directly to the Office of the Ombudsman, Office of the Comptroller of the Currency (OCC Ombudsman), on the content and conduct of OCC examinations. OCC's Ombudsman will use the information received to evaluate the effectiveness of the examination process and agency communications. OCC's Ombudsman promotes OCC/banker communications and resolves problems and conflicts.

OCC expects to collect this information from approximately 1,357 institutions. Each respondent is estimated to file 0.53 responses per year. The burden per response is expected to average approximately 10 minutes. The time for completing the questionnaire will vary. A response may take a very short time if management has no descriptive comments, and could take 30 minutes or more in those instances where management has substantial descriptive comments. The burden for this collection is estimated at 119 burden hours per year.
