Adjustment in Number of OMB Approval Hours

In its most recent renewal submission, FRA requested approval for a total of **39,028 hours**. In its May 1, 2014, approval Notice of Action, OMB mistakenly approved this renewal submission for 39,096 hours. FRA has made the necessary correction in ROCIS, and is asking OMB to amend its approval to reflect the correct number of hours showing a total of **39,028 hours**.
