

record the date of the inspection. In addition, this provision requires employers to retain the inspection record for one year after the last entry or for the life of the shell, whichever is less, and to make the record available to OSHA on request. This recordkeeping requirement assures employees and Agency compliance officers that portable fire extinguishers located in the workplace will operate normally in case of fire; in addition, this requirement provides evidence to OSHA compliance officers during an inspection that the employer performed the required maintenance checks on the portable fire extinguishers.

II. Special Issues for Comment

OSHA has a particular interest in comments on the following issues:

- Whether the proposed information collection requirements are necessary for the proper performance of the Agency's functions, including whether the information is useful;
- The accuracy of OSHA's estimate of the burden (time and costs) of the information collection requirements, including the validity of the methodology and assumptions used;
- The quality, utility, and clarity of the information collected; and
- Ways to minimize the burden on employers who must comply; for example, by using automated or other technological information collection and transmission techniques.

III. Proposed Actions

OSHA is requesting that OMB extend its approval of the information collection requirements contained in the Portable Fire Extinguishers Standard (Annual Maintenance Certification Record) (29 CFR 1910.157(e)(3)). OSHA is proposing to increase the burden hours in the currently approved information collection request from 67,995 to 69,038 (a total increase of 1,043 hours). This increase is due to updated data showing an increase in the number of fire extinguishers affected by the Standard. The Agency will summarize the comments submitted in response to this notice and will include this summary in the request to OMB.

Type of Review: Extension of a currently approved collection.

IV. Public Participation—Submission of Comments on This Notice and Internet Access to Comments and Submissions

You may submit comments in response to this document as follows: (1) Electronically at <http://regulations.gov>, which is the Federal eRulemaking Portal; (2) by facsimile (fax); or (3) by hard copy. All comments, attachments, and other materials must identify the Agency name and the OSHA docket number for the ICR (Docket No. OSHA-2010-0039). You may supplement electronic submissions by uploading document files electronically. If you wish to mail additional materials in reference to an electronic or facsimile submission, you must submit them to the OSHA Docket Office (see the section of this notice titled **ADDRESSES**). The additional materials must clearly identify your electronic comments by your name, date, and the docket number so the Agency can attach them to your comments.

Because of security procedures, the use of regular mail may cause a significant delay in the receipt of comments. For information about security procedures concerning the delivery of materials by hand, express delivery, messenger, or courier service, please contact the OSHA Docket Office at (202) 693-2350, (TTY) (877) 889-5627).

Comments and submissions are posted without change at <http://www.regulations.gov>. Therefore, OSHA cautions comments about submitting personal information such as social security numbers and date of birth. Although all submissions are listed in the <http://www.regulations.gov> index, some information (e.g., copyrighted material) is not publically available to read or download through this Web site. All submissions, including copyrighted material, are available for inspection and copying at the OSHA Docket Office. Information on using the <http://www.regulations.gov> Web site to submit comments and access the docket is available at the Web site's "User Tips" link. Contact the OSHA Docket Office for information about materials not available through the Web site, and for assistance in using the Internet to locate docket submissions.

BILLING CODE 4510-26-P

MILITARY COMPENSATION AND RETIREMENT MODERNIZATION COMMISSION

Agency Information Collection: Emergency Submission for OMB Review (Survey of Military Retirees); Comment Request

AGENCY: Military Compensation and Retirement Modernization Commission.
ACTION: Notice.

SUMMARY: In compliance with the Paperwork Reduction Act (PRA) of 1995 (44 U.S.C. §§ 3501-3521) the Military Compensation and Retirement Modernization Commission (MCRMC) will submit to the Office of Management and Budget (OMB) the following emergency proposal for the collection of information under Section 3507(j)(1) of the PRA. An emergency clearance is being requested for the collection of information from military retirees. Comments are being sought on the proposed survey.

DATES: Consideration will be given to all comments received on or before January 15, 2014.

ADDRESSES: Send comments concerning the information collection to MCRMC's OMB desk officer at oir_submission@OMB.eop.gov.

FOR FURTHER INFORMATION CONTACT:

Christopher Nuneviller, Associate Director, Military Compensation and Retirement Modernization Commission, P.O. Box 13170, Arlington VA 22209, telephone 703-692-2080, fax 703-697-8330, email response@mcrmc.gov.

SUPPLEMENTARY INFORMATION: The Military Compensation and Retirement Modernization Commission (MCRMC) was established by the National Defense Authorization Act FY 2013, Public Law 112-239, 126 Stat. 1787 (2013), to conduct a review of the military compensation and retirement systems and to make recommendations to modernize those systems in a report to be transmitted to the President by May 1, 2014. Pursuant to the Act, the

Commission is required to examine all laws, policies and practices of the Federal Government that result in any direct payment of authorized or appropriated funds to current and former members (veteran and retired) of the uniformed services, including the reserve components of those services, as well as the spouses, family members, children, survivors, and other persons authorized to receive such payments as a result of their connection to the members of these uniformed services (§ 671(b)(1)(A)) and to seek written comment from the general public and interested parties, to hold public hearings and to examine such other matters as it considers appropriate (§ 671(b)(1)(C)).

The Commission considers it essential to survey the recipients of the government funding that is the focus of the statute in order to write the report due May 1, 2014. The Commission has designed a survey that measures preferences for alternative levels and types of compensation across a broad cross-section of people either directly or indirectly benefiting from various forms of military compensation. In our review of existing surveys, we have determined that no available sources cover the demographic diversity of participants the Commission would like to cover using a preference-based approach. Because the statute requires the Commission to produce a report by May 1, 2014, the agency cannot comply with normal clearance procedures for authorizing a survey and it is requesting emergency processing.

Respondents: Military Retirees.

Estimated Number of Respondents: 50,000.

Estimated Number of Responses: 5,000.

Frequency of Response: One time.

Average Hours of Response: .5 hours.

Total Estimated Burden: 2,500.

Christopher Nuneviller,

Associate Director, Administration and Operations.

Notice of Information Collection

AGENCY: National Aeronautics and Space Administration (NASA).

ACTION: Notice of information collection.

SUMMARY: The National Aeronautics and Space Administration, as part of its

continuing effort to reduce paperwork and respondent burden, invites the general public and other Federal agencies to take this opportunity to comment on proposed and/or continuing information collections, as required by the Paperwork Reduction Act of 1995 (Pub. L. 104–13, 44 U.S.C. 3506(c)(2)(A)).

DATES: All comments should be submitted within 60 calendar days from the date of this publication.

ADDRESSES: All comments should be addressed to Frances Teel, Mail Code JF000, National Aeronautics and Space Administration, Washington, DC 20546–0001.

FOR FURTHER INFORMATION CONTACT: Requests for additional information or copies of the information collection instrument(s) and instructions should be directed to Frances Teel, NASA PRA Clearance Officer, NASA Headquarters, 300 E Street SW., Mail Code JF000, Washington, DC 20546, *Frances.C.Teel@nasa.gov*.

SUPPLEMENTARY INFORMATION:

I. Abstract

NASA's founding legislation, the Space Act of 1958, as amended, directs the Agency to expand human knowledge of Earth and space phenomena and to preserve the role of the United States as a leader in aeronautics, space science, and technology. The NASA Office of Education has three primary goals (1) strengthen NASA and the Nation's future workforce, (2) attract and retain students in science, technology, engineering and mathematics, or STEM, disciplines, and (3) engage Americans in NASA's mission. This regular clearance will enable the NASA Office of Education to fulfill federally mandated reporting on its education activities and investments portfolio as well as selected Agency annual performance indicators.

This information collection will consist of project activity-level data submitted by program managers external to NASA, but who are responsible for reporting to NASA on the programs they manage that are within the NASA investments portfolio. Pertinent examples of this data include number of participants, duration of activity, and institution location of the activity.

II. Method of Collection

Electronic and paper.

III. Data

Title: NASA Office of Education Program-level Data Collection.
OMB Number: 2700–XXXX.

Type of Review: Regular Clearance.

Affected Public: Individuals.

Estimated Number of Respondents: 844.

Estimated Annual Responses: 3,376.

Estimated Time per Response: 60 min.

Estimated Total Annual Burden

Hours: 3,376.

Estimated Total Annual Cost: \$84,704.

IV. Request for Comments

Comments are invited on: (1) Whether the proposed collection of information is necessary for the proper performance of the functions of NASA, including whether the information collected has practical utility; (2) the accuracy of NASA's estimate of the burden (including hours and cost) of the proposed collection of information; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) ways to minimize the burden of the collection of information on respondents, including automated collection techniques or the use of other forms of information technology.
