[Introduce yours We are collecting possible. Author Code. This infor Under Title 7 of statistical purpos	INTRODUCTION: [Introduce yourself, and ask for the operator. Rephrase in your own words.] We are collecting information on practices and costs to produce peanut and need your help to make the information as accurate as possible. Authority for collection of information on the Peanut Production Practices and Costs Report is Title 7, Section 2204 of the U.S. Code. This information will be used for economic analysis and to compile and publish estimates for your region and the United States. Under Title 7 of the U.S. Code and CIPSEA (Public Law 107-347), facts about your operation are kept confidential and used only for statistical purposes. Response is voluntary. You may skip any question(s) you prefer not to answer. We encourage you to refer to your farm records during the interview.

According to the Paperwork Reduction Act of 1995, an agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a valid OMB control number. The valid OMB control number for this information is 0535-0218. The time required to complete this information collection is estimated to average 65 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information.
