Diverse Women in Clinical Trials

Please use the Fact Sheet to answer the following questions. <u>Do not put your name on this</u> <u>sheet.</u>

Put a 🗌 next to the one (1) most important message in the Fact Sheet. [ORDER TO BE CHANGED WITH EACH FOCUS GROUP]

- Talk to the researcher to get the facts about the clinical trial before you join.
- □ It is important that women participate in clinical trials to show if products are safe and work well in both men and women.
- □ FDA uses the information from clinical trials and other sources to decide if a product is safe and effective.
- **FDA** and NIH have websites where you can learn more about clinical trials.

Circle TRUE or FALSE for each statement below based on the information in the Fact Sheet.

1. Not all products are tested in clinical trials.	TRUE	FALSE
2. FDA runs clinical trials.	TRUE	FALSE
3. Medical products affect men and women the same way.	TRUE	FALSE
4. The treatments in a clinical trial may not work for everyone.	TRUE	FALSE
5. Healthy people can participate in clinical trials.	TRUE	FALSE

Circle the answer that best describes how much you agree with the statement below.

After reading the fact sheet, I would consider participating in a clinical trial.

Strongly Agree Agree Undecided Disagree Strongly Disagree

Paperwork Reduction Act Statement: An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

The public reporting burden for this information collection has been estimated to average 25 minutes per response to complete the Women in Clinical Trials Fact Sheet (the time estimated to read, review, and complete). Send comments regarding this burden estimate or any other aspects of this information collection, including suggestions for reducing burden, to PRAStaff@fda.hhs.gov.
