CASE SUBJECT

INITIAL CALL INTRODUCTION

1. [To the person who answers the phone, IF ADULT, otherwise ask to speak to an adult]: “Hello, my name is _____ . I am calling from the [State health dept.]. May I please speak to [Potential enrollee]?”

___ Yes: person who answered is potential enrollee; [go to case patient call script]

___ Yes: coming to the phone; [go to case patient call script]

___ No: person is unavailable – record call back time on phone log if given

___ No: person is deceased: **-STOP- CASE INELGIBLE SAY:**

“I would like to offer my condolences and apologize for any inconvenience that this call may have caused to you. Thank you for your time

___ No: person is incapacitated; **-STOP- CASE INELGIBLE SAY:**

“Thank you for your time. Have a nice day”

___ Does not speak English; [record language in comment section of phone log.]

- IF SPANISH SPEAKING: “We will try to call back with someone who speaks Spanish, thank you.”
- IF OTHER LANGUAGE: “Thank you for your time. Have a nice day” [If case speaks a language other than English or Spanish, he/she is not eligible. Record on tracking log as “No English or Spanish.” =stop=]

CASE PARTICIPANTS Call Script:

“I am calling on behalf of the Centers for Disease Control and Prevention (CDC) and the [State Health Dept.] because you may be eligible to participate in a public health study. This study is being performed by CDC and your State Health Department. We are calling you because you had an infection with a germ called *Clostridium difficile*; sometimes it is also called *C. diff*. The <state health department> routinely tracks how

Patient ID: _____

State ID: _____

often people in your area get sick from *C. difficile* infections and is notified whenever a person develops this infection. Participation is voluntary and involves completing a 30 minute interview over the phone. It will include questions about your illness, healthcare visits, medical history, and recent medications. Please know that your answers will be kept secure and you may choose not to answer any question. If you agree to participate we will send you a \$20 gift card as a token of appreciation. May I tell you more about the study?"

___ Yes; [go to CASE SCREENING

___ No; [go to Q3]

3. "Your participation in this study is very important. We are trying to better understand why people develop *Clostridium difficile* infection. May I schedule a time to talk that would be better for you?"

___ Yes; [Record day/time on Phone Log].

- "Thank you very much for your time, I will call you back later." [=STOP=and call the person back at the requested day/time.]

___ No;

- "Sorry to have disturbed you. Good-bye." [=STOP=and record in the interview tracking log as "Refused to participate."]

*******BEFORE YOU PROCEED, HAVE A CALENDAR IN FRONT OF YOU*******

CASE SUBJECT SCREENING QUESTIONS

I will ask you questions about your illness, healthcare contacts, household contacts, other exposures and medical history. It may be difficult to remember, but I would like your best guess for each question.

Because I will be asking about specific dates around the time your illness began, it may be helpful for you to have a calendar or datebook in front of you. I can hold while you get these things. The dates we are interested in are between [12 weeks *before* positive specimen collection Date ____/____/____] to [positive specimen collection date ____/____/____]. When Participant returns say "I would like to begin with a few questions to be sure you are eligible to participate in the study"

1. Have you ever been diagnosed with *C. difficile* **before** the collection of your stool specimen on [specimen collection date ____/____/____]?

Yes.....1

(If Yes –STOP Interview and say: "We are only interviewing people who have not had a previous *C. difficile* diagnosis. Thank you for your time")

No.....2

Control Participants Call Script

“I am calling on behalf of the Centers for Disease Control and Prevention (CDC) and the [State Health Dept.] because you may be eligible to participate in a public health study. This study looks at how people living in the community get an illness caused by a germ called *Clostridium difficile* (also called *C. diff*). As part of our study, we need to talk to people **who did not** become ill with *C.diff*, but live in the same area as someone who did and who is around the same age as the ill person. Participation is voluntary and involves completing a 30 minute interview over the phone. It will include questions about your healthcare visits, medical history, and recent medications. Please know that your answers will be kept secure and you may choose not to answer any question. If you agree to participate we will send you a \$20 gift card as a token of appreciation. May I tell you more about the study?”

___ Yes; [go to CONTROL SCREENING]

___ No; [go to Q 2].

2. “Your participation in this study is very important. We are trying to better understand why people develop *Clostridium difficile* infection. May I schedule a time to talk that would be better for you?”

___ Yes; [Record day/time on Phone Log].

- “Thank you very much for your time.” [=STOP= and call back at requested day and time.]

___ No;

- “Sorry to have disturbed you. Good-bye.” [=STOP= and record on interview tracking log as “Refused to participate.”]
