# E-CIGARETTE SECTION

The next questions are about **electronic cigarettes**, often called **e-cigarettes**. E-cigarettes look like regular cigarettes, but are battery-powered and produce vapor instead of smoke.   There are many types of e-cigarettes. Some common brands include NJOY, Blu and Smoking Everywhere.

E-cigarettes can be bought as one-time, disposable products, or can be bought as re-usable kits with a cartridge.   Some people refill their own cartridges with nicotine fluid, sometimes called "e-juice" or "e-liquid".  Disposable e-cigarettes, e-cigarette cartridges and e-liquid come in many different flavors and nicotine concentrations.

The next questions are about **traditional cigars, cigarillos**, and **filtered cigars**. These products go by lots of different names, so please use these descriptions and photos to understand what they are.

**Traditional cigars** contain tightly rolled tobacco that is wrapped in a tobacco leaf. Some common brands of cigars include Macanudo, Romeo y Julieta, and Arturo Fuente, but there are many others.

# SMOKELESS TOBACCO SECTION

[SMLTOB]

The next questions ask about **smokeless tobacco** which you put in your mouth.  Frequently you chew, suck or spit while using smokeless tobacco, although there is no need to do so for some types.  Snus, for instance, is a type of smokeless tobacco that comes in a small pouch that you put inside your lip.

There are many kinds of smokeless tobacco, such as snus pouches, loose snus, moist snuff, dip, spit, and chewing tobacco.  Common brands include Redman, Levi Garrett, Beechnut, Skoal, Grizzly, Nordic Ice and Copenhagen.
