

B. Collection of Information Employing Statistical Methods If statistical methods will not be used to select respondents and item 17 on Form 83-I is checked "No" use this section to describe data collection procedures.

The agency should be prepared to justify its decision not to use statistical methods in any case where such methods might reduce burden or improve accuracy of results. When item 17 on the Form OMB 83-I is checked "Yes," the following documentation should be included in the supporting statement to the extent that it applies to the methods proposed:

1. Respondent Universe and Sampling Methods

Does not apply. We are only collecting basic questions to capture and make transparent for the public who is offering online access to health data.

2. Procedures for the Collection of Information

Not Applicable

3. Methods to Maximize Response Rates and Deal with Nonresponse

Not applicable

4. Tests of Procedures or Methods to be Undertaken

Not applicable

5. Individuals Consulted on Statistical Aspects and Individuals Collecting and/or Analyzing Data

Not applicable
