2014 Heat Outreach Campaign Evaluation Customer Satisfaction Survey

The Occupational Safety and Health Administration (OSHA) would like to complete an evaluation of its 2014 heat outreach campaign. By completing this survey, you will be helping OSHA to gauge the usefulness of the 2014 heat outreach campaign materials and to identify possible updates to the campaign. Additionally, you will be helping OSHA to identify what elements of the campaign OSHA may want to consider using in other campaigns.

Please follow the directions provided on this survey. If you need to leave the survey and finish later, SurveyMonkey automatically saves your answers after each page is completed.

Approximate time to complete survey: 20 min.

Paperwork Reduction Act 1995

Public reporting burden for this voluntary collection of information is estimated to take 15 minutes per response including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. An Agency may not conduct or sponsor, and persons are not required to respond to the collection of information unless it displays a valid OMB Control Number. Send comment regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden to the Directorate of Technical Support and Management, Department of Labor, Room N-3655, 200 Constitution Ave., NW, Washington, DC; 20210.

OMB Approval# 1225-0088; Expires: 06-30-2014
