Join us for the inaugural Safe + Sound Week!

What Is Safe + Sound Week?

A nationwide event to raise awareness and understanding of the value of proactive safety and health programs in workplaces.

Why Participate?

Safe workplaces are sound businesses. Successful safety and health programs can proactively identify and manage workplace hazards before they cause injury or illness, improving sustainability and the bottom line. Participating in Safe + Sound Week can help get your program started or energize an existing one.

Who Is Encouraged to Participate?

Organizations of any size or in any industry looking for an opportunity to show their commitment to safety to workers, customers, the public, or supply chain partners should participate.

How to Participate

Participating in Safe + Sound Week is easy. To get started, select the activities you would like to do at your workplace. Some organizations might want to host a public event. Examples of potential activities and tools to help you plan and promote your events are available. After you've completed your events, you can download a certificate and web badge to recognize your organization and your workers.

Safe + Sound Week

Show Your Commitment to Safety

Congratulations and thank you for participating in the inaugural Safe + Sound Week!

To download a certificate of recognition and web badge for your organization's participation, please fill out the required information below. We also hope that you will help us by answering a few optional questions about your participation and giving us feedback on our efforts. Please note that you are not required to request a certificate of recognition and web badge and that if you choose to do so, OSHA will not use the information or feedback you provide for any purpose other than evaluating Safe + Sound Week and planning future outreach efforts. Also note that the certificate and web badge do not represent an assessment of compliance with OSHA standards at your worksite(s).

*Items marked * are mandatory to download the participation completion packet.*
