

Safe + Sound Week Partnership Survey

OMB Control Number 1225-0088

Expiration date 8/31/2017

PAPERWORK REDUCTION ACT Public reporting burden for this voluntary collection of information is estimated to average 10 minutes per response, including time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. OSHA will use this information to evaluate partnership participation in OSHA's Safe + Sound Week. Persons are not required to respond to the collection of information unless it displays a current valid OMB control number. If you have any comments about this estimate or any other aspects of this data collection, including suggestions for reducing this burden, please send them to OSHAPRA@dol.gov or to US Department of Labor, OSHA Directorate of Standards and Guidance N-3609, 200 Constitution Avenue, NW, Washington, DC 20210.

Comments

7. At what time of year would you like to see the next Safe + Sound Week?

- June 2018

This aligns with National Safety Month. There are a number of other annual Safety & Health events, including major professional conferences and the National Falls Stand Down, in this timeframe.

- September 2018

There are fewer known events occurring during this timeframe. This may ease overlap, but also may minimize opportunities for synergies between efforts.
