	<p>Supplemental Instructions for detailed information for completing this application. You can find the ISP Supplemental Instructions in the Crisis Counseling Assistance and Training Program (CCP) Application Toolkit or by calling the Substance Abuse and Mental Health Services Administration Disaster Technical Assistance Center (SAMHSA DTAC) at 1-800-308-3515.</p> <p>Please complete all footer notes with the corresponding disaster information.</p>	<p><b>(7)</b> Please describe current State and local mental health services and explain why they cannot meet the disaster-related mental health needs caused or aggravated by this disaster. <b>(8)</b> Estimated Population to be served; Option A: Grantees may opt to use their own method for determining the estimated population to be served. Please cite any data sources used and the methodology used to determine the estimated population to be served. (Option B) Use the following table to estimate the impacted population for each requested Service Area (county, parish, tribal land, etc). Populate the table using census data for the total population for each designated service area. Multiply the total census by the “percentage impact factor of .075” by the “total census population” to arrive at an estimated population to be served during the ISP. High impact events may require more than .075% while lower impact events may require less.</p> <p>(TABLE)</p>

Page 4 continued	<p><b>Needs Assessment Guidance</b></p> <p>Use the Needs Assessment Formula Table to develop an estimate of the number of people who would benefit from services. Please refer to the following guidelines when completing the table:</p> <p>Consult with your FEMA Program Specialist and Center for Mental Health Services (CMHS) Project Officer prior to completing the Needs Assessment Table.</p> <p>Preliminary Damage Assessment (PDA): When available, you must use the PDA data in the table.</p> <p>FEMA Individual Assistance (IA) Registration Numbers: IA data should be used only when PDA data are unavailable and requires prior approval from FEMA and CMHS. Use the “other” category to supply the IA data. Additional data should not be included when using IA numbers.</p> <p>Capture additional supporting information in the narrative. The Average Number of People per Household (ANH) multiplier is not to be used with IA numbers. The Traumatic Impact Risk Ratio to be used in the table should be 100%.</p> <p>Estimated Number to be Served</p> <p>Primary Services—To determine the estimated number of people to be served through PRIMARY services, you may use a multiplier “between 20% and 80%.” This number should be based on the nature and scope of the disaster and the capacity to address the need.</p> <p>Secondary Services—To determine the estimated number of people to be served through SECONDARY services, you may use a multiplier of “up to 100%.”</p> <p>Complete a CMHS Needs Assessment Formula Table for each designated area to be covered by the grant. Use the following steps to complete the table:</p> <ol style="list-style-type: none"> <li>1. Identify the number of people for each loss category from collected needs assessment information.</li> </ol> <p>Identify any disaster- or region-specific “other”<sup>1</sup> loss categories, and establish a traumatic impact risk ratio for any other loss categories. Note that other loss categories are not multiplied by the household size multiplier.</p> <p>Determine the total number of people who would benefit from services for each loss category by multiplying across each row as follows: (Number of People) X (Household Size Multiplier) X (Traumatic Impact Risk Ratio) = (Total Number of People Who Would Benefit from Services).</p> <p>Add all of the results in the column of Total Number of People Who Would Benefit from Services to determine a sum for the number of people who would benefit from crisis counseling services.</p>	<p><b>(16)</b> The Governor or Tribal Chief Executive agrees to and/or certifies that the following are true:</p> <p><input type="checkbox"/> The requirements are beyond the State, Territory, or Tribal government’s capabilities.</p> <p>The Program, if approved, will be implemented according to the plan contained in the application approved by the Regional Administrator.</p> <p><input type="checkbox"/> The State, Territory or Tribe will maintain close coordination with and provide reports to the Regional Administrator.</p> <p>(17) By signing below the GAR or the Tribal chief Executive affirms that the foregoing questions have been answered correctly and truthfully to the best of their knowledge.</p> <p><b>PART VI - Application Checklist</b></p> <p><b>(18)</b> The following documents have been submitted with this application:</p> <ol style="list-style-type: none"> <li>a.
