Attachment IV
BPS:12/17 Survey Items

This document contains a list of all items in the draft questionnaire for the full-scale 2012/17 Beginning Postsecondary Students Longitudinal Study (BPS:12/17), summarizes how the BPS:12/17 instrument differs from previous BPS data collections, and specifies which items will be included in the pilot test.

As the second follow-up of the BPS:12 cohort, development of the BPS:12/17 interview began with the BPS:12/14 interview. However, several data elements collected in BPS:12/14 were dropped from BPS:12/17. The removal of these data elements was done in consultation with the Technical Review Panel (TRP) and was based upon a variety of considerations, such as characteristics of sample members six years after beginning postsecondary education (e.g. fewer sample members enrolled in postsecondary education) and the fact that BPS:12/17 is the last planned interview with this cohort (e.g., data elements associated with persistence provide less value without future attainment data).

The following data elements were present in the BPS:12/14 survey, but will not be collected in BPS:12/17[1]:

Enrollment Characteristics

- Know requirements for completion of primary degree (B14AKNOWCLAS)
- Desired future enrollment (B14ACONTENR, B14AENRPLN)
- Desired future occupation (B14AEXOCCLST, B14AEXOCC, B14AOCCCOM, B14AINTENDJB, B14AFUTRWGES)

Education Experiences

- Satisfaction with institution choice, major choice, instruction (B14BACDSATIS)
- Support from people in respondent's life (B14BSPPSUPP, B14BPARSUPP, B14BFSSUPP, B14BFHSUPP)
- Experiences at primary school (B14BSOCSATIS, B14BSENSBLNG, B14BPEERINT, B14BFACULTY, B14BCURACDEF)
- Took night courses (B14BALLNITE)
- Used school services (B14BSRVUSE, B14BSRVIMPT)
- Living arrangements while enrolled (B14BSCHRES, B14BDISTHDAY, B14BDISTHMIN)

Employment

- Job search assistance from school (B14BCPPUSE)
- Alternative plans if did not attend school (B14DWRKPAY, B14DALTPAY)

Background

- Current citizenship status (B14FUSBORN, B14FCITZN)
- Race (B14FHISP, B14FRAC1)
- Parental education (B14FDADED, B14FMOMED)

The BPS:04/09 student survey collected student data on similar topics to BPS:12/14, such as, student enrollment characteristics, financial aid receipt, employment history, and background information. However,

[1] BPS:12/14 variable names can be found in Appendix G of the BPS:12/14 OMB package: http://www.reginfo.gov/public/do/PRAViewIC?ref_nbr=201405-1850-004&icID=22386.

through the input of analysts, consultants, and TRPs, the BPS:12/17 interview has been restructured for data collection efficiency and to address updated priorities. As a result, the following data elements, which were present in the BPS:04/09 survey[2], are not included in BPS:12/17:

Enrollment Characteristics

- Primary reason for leaving undergraduate education (MBMNL01)
- Class level, if no degree has been earned yet (MCUGYR)
- Would choose same institution and course of study again (MCINCHO, MCMAJCHO)
- Were benefits of education, in terms of work and pay, worth the cost and time spent on education (MCCOBEN)

Financial Aid

- Total amount borrowed in student loans (all undergraduate years) (MCUGLAM)
- Total amount still owed in student loans (MCUGOWE)
- Consider student loan debt a worthwhile investment (MCLNWRTH)
- Importance of job earnings in financing education (MCAFFORD)

Employment

- Description of job type (starting, continuing, or advancing career) (MDJOBYRS, MDFIRSTJ, MDSTRTCR, MDNTCAR)
- Held position of similar job while enrolled or before enrolled (MDSIMJBB, MDSIMJBE)
- Responsibilities of current job: participate in setting salaries (MDJBRESC)
- Unemployment spells (how many times, longest period of unemployment) (MDUNEMP3, MDNUMOUT, MDUNTIM)
- Date last employed after leaving school (MDLSTEMP)
- Plans to pursue a teaching career (MEPLNTCH)

Background

- Household composition (MEHSCOMP)
- Current citizenship status (MECITZN)
- Volunteering experience (MECOMSRV, MESCHSRV, MEVLTP, MEVLHRS)
- Other disability excluding those disabilities previously reported (MEDISOTH)

The contents of the draft full-scale BPS:12/17 instrument is summarized in table 1. The column titled "In PT" indicates which items are included in the BPS:12/17 pilot test. Item numbers correspond to numbering in the interview facsimile that follows, which includes more item details, such as item wording, response options, and help text. Furthermore, for items to be included in the pilot test, item names are hyperlinked to allow the reader to easily view the item in the facsimile. Table 1 also provides background on the items, such as their inclusion in previous interviews and which items have been included in BPS:12/17 cognitive testing. Table 1 also provides additional information on new or experimental items, items added from the BPS:04/09 interview that were not included in the previous BPS:12/14 interview, and indications of substantive revisions from the previous use of the item.

[2] BPS:04/09 variable names can be found in Appendix D of the BPS:04/09 methodology report: http://nces.ed.gov/pubsearch/pubsinfo.asp?pubid=2012246.

	Wording	Which of the following best describes your high school completion?	
	Help Text	A **high school diploma** is awarded to students after successful completion of the required courses at a high school. This category also includes Adult High School Diplomas. The GED (General Educational Development) certificate or other equivalent credential allows those who did not finish high school to earn the equivalent of a high school diploma by completing classes and passing required exams. A high school completion certificate indicates that you attended high school for the minimum number of days required for completion but did not complete all graduation requirements (for example, did not pass the number of courses required for a diploma).	

If you completed high school in a country other than the United States, answer **"attended a foreign high school."**

If you did not attend a traditional public or private high school but instead were taught at home by a parent or some other individual, answer **"home schooled."**

If you have not yet completed high school, answer **"Did not complete high school or a high school equivalency program."**

	Help Text	**Degrees:** An **associate's degree** normally requires at least 2, but less than 4 years, of full-time equivalent college work. A **bachelor's degree** is usually awarded by a 4-year college or university and usually requires at least 4 years of full-time, college-level work.

A **master's degree** usually requires at least 2 years of full-time graduate-level work and may require a thesis or a practicum.

A **doctoral degree-research/scholarship is a Ph.D**. or other doctor's degree that requires advanced work beyond the master's level, including the preparation and defense of a dissertation based on original research, or the planning and execution of an original project demonstrating substantial artistic or scholarly achievement. Some examples of this type of degree may include EdD, DMA, DBA, DSc, DA, or DM, and others, as designated by the awarding institution.

A **doctoral degree-professional practice** is a doctor's degree that is conferred upon completion of a program providing the knowledge and skills for the recognition, credential, or license required for professional practice. The degree is awarded after a period of study such that the total time to the degree, including both pre-professional and professional preparation, equals at least six full-time equivalent academic years. Some of these degrees include: chiropractic (DC, or DCM); dentistry (D.D.S. or D.M.D.); law (L.L.B. or J.D.); medicine (M.D.); optometry (O.D.), osteopathic medicine (D.O.); pharmacy (Pharm.D.); podiatry (D.P.M., Pod.D., D.P.); or veterinary medicine (D.V.M.), and others, as designated by the awarding institution.

A **doctoral degree-other** is a doctor's degree that does not meet the definition of a doctor's degree-research/scholarship or a doctor's degree-professional practice.

Certificates and Diplomas:
Undergraduate certificates or diplomas usually take less than two years to complete and are usually designed to equip people with the skills needed for direct entry to employment or to earn a license such as a cosmetology license. Other examples include certificates in administrative support, computer programming, and medical records.

A **post-baccalaureate certificate** provides students who already hold a bachelor's degree with new or additional training in an area of specialization. Certificates typically require fewer course hours than do master's or doctoral degrees, and do not require a thesis or dissertation. Examples of this include certificates in accounting, computer science, and human resource management.

A **post-master's certificate** usually requires completion of 24 semester credit hours beyond the master's degree but does not meet the requirements of academic degrees at the doctoral level.

Not enrolled for a degree or certificate:
Undergraduate level classes means taking courses at the undergraduate level but not formally enrolling in a degree or certificate program of any sort.

Graduate level classes are for students who already hold an undergraduate degree or certificate and who are enrolled in graduate-level courses beyond a bachelor's degree, but who are not formally enrolled in a graduate degree program.

Help Text

When answering this question, do not consider any attendance at NPSAS for the [NPSAS DEGREE] you began there in the 2010-2011 academic year. Do consider all additional attendance at NPSAS between July 1, 2011 and June 30, 2014 for different enrollment. If you are planning to attend NPSAS for different enrollment in the future, but have not yet started, please answer "No." Later questions in the survey will ask about future enrollment plans.
Some students earn a certificate as part of their bachelor's degree by taking a specific concentration of academic courses (e.g., Latin American Studies, Women's Studies). Do not include these types of academic certificates when answering this question.

Degrees:

An **associate's degree** normally requires at least 2, but less than 4 years, of full-time equivalent college work.

A **bachelor's degree** is usually awarded by a 4-year college or university and usually requires at least 4 years of full-time, college-level work.

A **master's degree** usually requires at least 2 years of full-time graduate-level work and may require a thesis or a practicum.

A **doctoral degree-research/scholarship** is a PhD or other doctor's degree that requires advanced work beyond the master's level, including the preparation and defense of a dissertation based on original research, or the planning and execution of an original project demonstrating substantial

artistic or scholarly achievement. Some examples of this type of degree may include EdD, DMA, DBA, DSc, DA, or DM, and others, as designated by the awarding institution.

A **doctoral degree-professional practice** is a doctor's degree that is conferred upon completion of a program providing the knowledge and skills for the recognition, credential, or license required for professional practice. The degree is awarded after a period of study such that the total time to the degree, including both pre-professional and professional preparation, equals at least six full-time equivalent academic years. Some of these degrees include: chiropractic (DC, or DCM); dentistry (D.D.S. or D.M.D.); law (L.L.B. or J.D.); medicine (M.D.); optometry (O.D.), osteopathic medicine (D.O.); pharmacy (Pharm.D.); podiatry (D.P.M., Pod.D., D.P.); or veterinary medicine (D.V.M.), and others, as designated by the awarding institution.

A **doctoral degree-other** is a doctor's degree that does not meet the definition of a doctor's degree-research/scholarship or a doctor's degree-professional practice.

Certificates and Diplomas:

Undergraduate certificates or diplomas usually take less than two years to complete and are usually designed to equip people with the skills needed for direct entry to employment or to earn a license such as a cosmetology license. Other examples include certificates in administrative support, computer programming, and medical records.

A **post-baccalaureate certificate** provides students who already hold a bachelor's degree with new or additional training in an area of specialization. Certificates typically require fewer course hours than do master's or doctoral degrees, and do not require a thesis or dissertation. Examples of this include certificates in accounting, computer science, and human resource management.

A **post-master's certificate** usually requires completion of 24 semester credit hours beyond the master's degree but does not meet the requirements of academic degrees at the doctoral level.

Not enrolled for a degree or certificate:

Undergraduate-level classes means taking courses mostly at the undergraduate level but not formally enrolling in a degree or certificate program of any sort.

Graduate level classes are for students who already hold an undergraduate degree or certificate and who are enrolled in graduate-level courses beyond a bachelor's degree, but who are not formally enrolled in a graduate degree program.

Help Text When answering this question, do **not** consider any attendance for degrees or certificates at NPSAS that you have already told us about (those listed at the top of the screen). Do consider all **additional** attendance for degrees or certificates you have had at NPSAS at any time between July 1, 2011 and June 30, 2014.

If you are planning to attend NPSAS for degree or certificate in the future, but have not yet started, please answer **"No."** Later questions in the survey will ask about future enrollment plans.

Some students earn a certificate as part of their bachelor's degree by taking a specific concentration of academic courses (e.g., Latin American Studies, Women's Studies). Do not include these types of academic certificates when answering this question.

Mostly **undergraduate-level classes** means taking courses mostly at the undergraduate level but not formally enrolling in a degree or certificate program of any sort.
Mostly **graduate-level classes** are for students who already hold an undergraduate degree or certificate and who are enrolled in graduate-level courses beyond a bachelor's degree, but who are not formally enrolled in a graduate degree program.

	Help Text	**Degrees:** An **associate's degree** normally requires at least 2, but less than 4 years, of full-time equivalent college work. A **bachelor's degree** is usually awarded by a 4-year college or university and usually requires at least 4 years of full-time, college-level work. A **master's degree** usually requires at least 2 years of full-time graduate-level work and may require a thesis or a practicum. A **doctoral degree-research/scholarship** is a PhD or other doctor's degree that requires advanced work beyond the master's level, including the preparation and defense of a dissertation based on original research, or the planning and execution of an original project demonstrating substantial artistic or scholarly achievement. Some examples of this type of degree may include EdD, DMA, DBA, DSc, DA, or DM, and others, as designated by the awarding institution. A **doctoral degree-professional practice** is a doctor's degree that is conferred upon completion of a program providing the knowledge and skills for the recognition, credential, or license required for professional practice. The degree is awarded after a period of study such that the total time to the degree, including both pre-professional and professional preparation, equals at least six full-time equivalent academic years. Some of these degrees include: chiropractic (DC, or DCM); dentistry (D.D.S. or D.M.D.); law (L.L.B. or J.D.); medicine (M.D.); optometry (O.D.), osteopathic medicine (D.O.); pharmacy (Pharm.D.); podiatry (D.P.M., Pod.D., D.P.); or veterinary medicine (D.V.M.), and others, as designated by the awarding institution. A **doctoral degree-other** is a doctor's degree that does not meet the definition of a doctor's degree-research/scholarship or a doctor's degree-professional practice.		

Certificates and Diplomas:

Undergraduate certificates or diplomas usually take less than two years to complete and are usually designed to equip people with the skills needed for direct entry to employment or to earn a license such as a cosmetology license. Other examples include certificates in administrative support, computer programming, and medical records.

A **post-baccalaureate certificate** provides students who already hold a bachelor's degree with new or additional training in an area of specialization. Certificates typically require fewer course hours than do master's or doctoral degrees, and do not require a thesis or dissertation. Examples of this include certificates in accounting, computer science, and human resource management.

A **post-master's certificate** usually requires completion of 24 semester credit hours beyond the master's degree but does not meet the requirements of academic degrees at the doctoral level.

98	**Question Name**	**B17AEXPEVR**
	Wording	What is the highest level of education you ever expect to complete at any school?
	Help Text	Indicate the highest level of education that you ever expect to complete at any school. If you do not plan to pursue any education beyond what you are currently working on, indicate your current degree, certificate, or classes. Undergraduate level courses, no undergraduate degree or certificate expected means taking courses at the undergraduate level but not expecting to formally enroll in a degree or certificate program of any sort. Undergraduate certificates or diplomas usually take less than two years to complete and are usually designed to equip people with the skills needed for direct entry to employment or to earn a license such as a cosmetology license. Other examples include certificates in administrative support, computer programming, and medical records. An associate's degree normally requires at least 2, but less than 4 years, of full-time equivalent college work. A bachelor's degree is usually awarded by a 4-year college or university and usually requires at least 4 years of full-time, college-level work. Graduate level courses, no graduate degree or certificate expected means already holding an undergraduate degree or certificate and enrolling in graduate-level courses beyond a bachelor's degree, but not expecting to formally enroll in a graduate degree program. A post-baccalaureate certificate provides students who already hold a bachelor's degree with new or additional training in an area of specialization. Certificates typically require fewer course hours than do master's or doctoral degrees, and do not require a thesis or dissertation. Examples of this include certificates in accounting, computer science, and human resource management. A master's degree usually requires at least 2 years of full-time graduate-level work and may require a thesis or a practicum. A post-master's certificate usually requires completion of 24 semester credit hours beyond the master's degree but does not meet the requirements of academic degrees at the doctoral level. A professional doctoral degree is a doctor's degree that is conferred upon completion of a program providing the knowledge and skills for the recognition, credential, or license required for professional practice. The degree is awarded after a period of study such that the total time to the degree, including both pre-professional and professional preparation, equals at least six full-time equivalent academic years. Some of these degrees include: chiropractic (DC, or DCM); dentistry (D.D.S. or D.M.D.); law (L.L.B. or J.D.); medicine (M.D.); optometry (O.D.), osteopathic medicine (D.O.); pharmacy (Pharm.D.); Podiatry (D.P.M., Pod.D., D.P.); or veterinary medicine (D.V.M.), and others, as designated by the awarding institution. A doctoral degree, research/scholarship is a PhD or other doctor's degree that requires advanced work beyond the master's level, including the preparation and defense of a dissertation based on original research, or the planning and execution of an original project demonstrating substantial artistic or scholarly achievement. Some examples of this type of degree may include EdD, DMA, DBA, DSc, DA, or DM, and others, as designated by the awarding institution.

Wording Have you participated in any of the following as part of your undergraduate education?

Help Text Indicate whether you participated in any of the following as part of your undergraduate education.

An example of a **research project with a faculty member outside of course or program requirements**, is one where students and faculty members collaborate on research that is not required to pass a course or to complete program requirements. This research could be faculty-led research or student-led research.

A **community based project as part of a regular course (for example, service learning)** can also be referred to as “experiential learning” and often allows for direct experience with topics related to a class or an ongoing issue in the community.

Culminating senior experiences, such as a capstone course, senior project or thesis, or comprehensive exam, often ask students to create a project, take a course, or take a comprehensive exam which integrates and applies what they've learned throughout their college experience.

A **program in which you were mentored** might involve having individuals who are adults or older students available for guidance acting as a role model to help students reach their full academic potential.

A **learning community or some other formal program where groups of students take two or more classes together** could be programs that encourage integration of learning across courses, and involve students with issues beyond the classroom by exploring common topics and/or common readings of a discipline.

Wording Are you currently repaying your **private loans** for your undergraduate education?

Help Text

If you are currently repaying any private student loans, even if you are still in your deferment period, please answer **"Yes."**
Deferred or delayed loan payments are put off until a later date.

- Deferment of private loans is on a loan-by-loan basis and often varies among lenders.
- In order to defer private loan payments, generally, the borrower must apply online on the lender's website, over the telephone, via fax or through postal mail.
- The application may also require supporting documentation, such as a copy of your paycheck stub, unemployment compensation statement, disability award letter or a certified letter from your school verifying your enrollment status.

If you are not currently repaying your private loans and have an agreement with the lender of these loans to delay or defer payment, answer **"No, because I have an agreement with my lender to delay or defer payments."**

Indicate whether you are **currently** repaying your federal student loans. Do **not** include Parent PLUS loans, grants or scholarships, or money borrowed from family or friends.

If you are not currently repaying any federal student loans because of a repayment plan with your loan holder or servicer, or if you are currently in deferment or forebearance on your federal student loans, answer **"No."**

Help Text

Indicate whether you have had any other paid employment between July 2013 and June 2016 (July 1, 2013-June 30, 2016).

If you started a job before July 2013 and continued to work there after July 2013, please consider that job.

Please consider any jobs for pay, including: full-time and part-time employment, self-employment, work-study jobs, and paid internships. Do not report any employers where you have only applied for work or any employer where you have not accepted a paid position.

If you have had any additional paid jobs, including if you have been self-employed, or held work-study jobs or paid internships, answer "**Yes.**"

If you have not worked at any additional employers or if all work was unpaid, such as unpaid internships, answer **"No."**

Federal work-study jobs are offered to undergraduate students with financial need, allowing them to work part-time to earn money to help pay their education expenses. Students must file a FAFSA (Free Application for Federal Student Aid) in order to be considered for the Federal Work-Study (FWS) program. An **internship** is any formal or informal program that provides on-the-job-experience for beginners in an occupation or profession. Many work in internships in order to learn new skills or to gain job experience. Consider only paid internships when answering this question.

Wording

Excluding debit or ATM cards, how many credit cards do you have in your own name that are billed to you?

(Only include credit cards for which you pay at least some of the amount owed.)

Help Text

Credit cards allow cardholders to carry debt from month to month. **Examples of credit cards are VISA, Mastercard, Discover, American Express, retail store credit cards, gas cards, etc.**

Do not include:

- Cards that have your name on them but the account has been issued to a parent, spouse, or other relative.
- Credit cards for which you pay none of the amount owed.
- Debit cards or ATM (Automatic Teller Machine) cards. Debit cards are tied directly to a checking or savings account so that the amount charged is taken directly out of the account.
- Company cards that are billed directly to a department within a business or organization.

If you are unsure, provide your best guess.

	Help Text	The **Supplemental Security Income (SSI)** program pays benefits to disabled adults and children who have limited income and resources. It is designed to help aged, blind, and disabled people who have little or no income and provides cash to meet basic needs for food, clothing, and shelter. The federal Food Stamp Program was renamed **Supplemental Nutrition Assistance Program (SNAP)**. Some state program names may vary. States typically issue SNAP benefits through electronic benefit transfer (EBT) cards that are used to purchase eligible food in authorized retail food stores, farmers' markets, etc. EBT cards work like debit cards. **TANF** (Temporary Assistance for Needy Families) payments provide financial assistance to families with limited resources. The assistance is time-limited (typically a maximum of 60 months). Household size and family income are used to determine eligibility for free or reduced price school lunches in the **Free and Reduced Price School Lunch** program. **WIC** (the Special Supplemental Nutrition Program for Women, Infants, and Children) is an assistance program for low-income pregnant women or new mothers, infants, and children up to age 5 who are at nutritional risk. WIC provides nutrition education, supplemental foods, health screenings, and health care referrals.
