## Commonly Asked Questions

### **Q: How did you get my address?**

A: Your address was randomly selected from among all of the home addresses in the nation. It was selected using scientific sampling methods to represent other households in the U.S.

### **Q: Why don't you ask more questions about education in this questionnaire?**

A: The purpose of this questionnaire is to find out if anyone in your household is eligible for the next stage of the survey. If so, we will send a second questionnaire that will ask about educational experiences of a member of your household.

### **Q: If there are no children or anyone currently in school in my household, should I respond?**

A: Yes, you should respond to this survey. Once you return the questionnaire, the study will be able to see if anyone in your household is eligible for the next and final survey. If no one is eligible, you will not receive another survey.

### **Q: Why should I take part in this study? Do I have to do this?**

A: This survey is the only way that the Department of Education can learn about children's early care and education, students' schooling, and adult training and education, from your perspective. You represent thousands of other households like yours, and you cannot be replaced. Your answers and opinions are very important to the success of this study. You may choose not to answer any or all questions in this survey. In order for the survey to be representative, it is important that you complete and return this questionnaire. Those who do not return the survey will not be represented in key statistics used by policymakers and researchers.

### **Q: How will the information I provide be used? Will my privacy be protected?**

A: Your responses will be combined with those of others to produce statistical summaries and reports. Your individual data will not be reported. Your answers may be used only for statistical purposes and may not be disclosed, or used, in identifiable form for any other purpose except as required by law (20 USC § 9573).

### **Q: How much time will it take?**

A: On average, it should take 8 minutes or less for you to respond, including the time for reviewing instructions and completing and reviewing the collection of information.

### **Q: Who is sponsoring the study? Is this study conducted by the Federal Government?**

A: The National Center for Education Statistics (NCES), within the U.S. Department of Education, is authorized to conduct this study by the Education Sciences Reform Act of 2002 (ESRA 2002; 20 USC § 9543). The U.S. Census Bureau is administering this survey on behalf of NCES. This study has been approved by the Office of Management and Budget (OMB), the office that reviews all federally sponsored surveys. According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless it displays a valid OMB control number. The valid OMB control number for this voluntary survey is 1850-0803. The time required to complete this survey is estimated to average 8 minutes per response, including the time to review instructions, gather the data needed, and complete and review the survey. If you have any comments concerning the accuracy of the time estimate, suggestions for improving this survey, or any comments or concerns regarding the status of your individual submission of this survey, please write to: National Household Education Survey, National Center for Education Statistics, 1990 K Street, NW, Washington, DC 20006-5650.
