TITLE OF INFORMATION COLLECTION:

IES FY 2015 Request for Applications (RFA) Documents Feedback Survey

PURPOSE:

Through its research grants programs, the Institute of Education Sciences (IES) seeks to improve the quality of education for all students through research advancing the understanding of and practices for teaching, learning, and organizing education systems. During the Spring of 2014, IES released Requests for Applications (RFAs) for funding in FY 2015 for the Education Research Grants program (CFDA # 84.305A) and the Partnerships and Collaborations Focused on Problems of Practice or Policy program (CFDA # 84.305H).

Feedback regarding the clarity of the requirements and information provided in these two RFA documents will be requested from all grant applicants that submitted a proposal to these programs for funding in FY 2015. IES will use the feedback from the survey to improve the clarity of the information provided to applicants in future RFA documents.

DESCRIPTION OF RESPONDENTS:

Respondents to the survey will be Principal Investigators of each grant application submitted to the Education Research Grants program (CFDA #84.305A) and the Partnerships and Collaborations Focused on Problems of Practice or Policy program (CFDA # 84.305H). A link to the web-based survey will be e-mailed to all Principal Investigators. The survey will be accessible for 3-weeks from the date of the original e-mail. A follow-up e-mail will be sent to all Principal Investigators 2-weeks after the original e-mail date to remind applicants to complete the survey. No individual reminders/follow-ups will be conducted because survey submissions will be anonymous.

If you are conducting a focus group, survey, or plan to employ statistical methods, please provide answers to the following questions:

The selection of your targeted respondents

1. Do you have a customer list or something similar that defines the universe of potential respondents and do you have a sampling plan for selecting from this universe?
 Yes No

If the answer is yes, please provide a description of both below (or attach the sampling plan)? If the answer is no, please provide a description of how you plan to identify your potential group of respondents and how you will select them?

Once a research grant application is submitted to IES, the name of the Principal Investigator along with their contact information is recorded in the grants.gov and G5 system. We will obtain the list of all applicants, including the name of the Principal Investigator and their e-mail address through the G5 system. All Principal Investigators that applied to the Education Research Grants program (CFDA # 84.305A) or the Partnerships and Collaborations Focused on Problems of Practice or Policy program (CFDA # 84.305H) will be contacted via e-mail and asked to complete the web-based survey.
