

The attached supplemental document, VA form 10-2501, Prosthetic Service Card, is pre-populated by Prosthetic Services. The Veteran will only have to sign their name. This card is used in conjunction with VA Form 10-2520, Prosthetic Service Card Invoice. It is used by the vendor as an invoice and billing document. The original invoice and one copy of the form are forwarded to the VAMC indicated on the Prosthetic Service Card.

By presenting the Service Card 10-2501 with I.D., the Veteran described may obtain repairs or replacement parts. Invoices will not be paid unless the Veteran's name, last four of social security number, serial number and the certification shown on the Service Card 10-2501, are clearly written or typed on the face of the company's standard invoice.
