### The selection of your targeted respondents

1. Do you have a customer list or something similar that defines the universe of potential respondents and do you have a sampling plan for selecting from this universe?  
[X] Yes [ ] No

If the answer is yes, please provide a description of both below (or attach the sampling plan)? If the answer is no, please provide a description of how you plan to identify your potential group of respondents and how you will select them?

The proposed pilot sample of 150 AmeriCorps alumni is drawn from former members who served in the AmeriCorps State and National and VISTA programs in 2005, 2010, and 2013. The final survey will include NCCC alumni, but we plan to exclude NCCC alumni for the survey pilot due to the small size of this population; preliminary estimates suggest that all NCCC members may need to be sampled for the final study. We plan to oversample the more recent two cohorts in order to have a better chance of successfully reaching AmeriCorps alumni for the pilot due to their more recent contact information.

The pilot will be administered online using the same platform that will be used for the survey when it is administered in Spring 2016. The information from the pilot will be used to revise the survey if needed (editing questions or instructions for clarity, omitting questions, etc.) before it is administered in Spring 2016 to a nationally representative sample of AmeriCorps alumni across the three cohorts.
