GATEKEEPER:

Hello my name is _____ calling on behalf of the Food and Nutrition Service (FNS) of the Department of Agriculture about the **Evaluation of the Canned, Frozen, or Dried Fruits and Vegetables Pilot Project of the Fresh Fruit and Vegetable Program (FFVP)**. FNS has recently contracted with Mathematica Policy Research to conduct an evaluation of this pilot project. I need to speak with [Principal Name]. He/She is aware that [School Name] is participating in the evaluation and should have received an email regarding the study at your school.

IF GATEKEEPER NEEDS MORE INFORMATION:

This evaluation will examine the implementation of the pilot project in xxx schools in xx States during the 2014-2015 school year and will assess the impact on participating students, including whether children experienced a change in their consumption of fruits and vegetables at school. I am calling to follow up on an email sent to [Principal Name] regarding the study in your school.

PRINCIPAL ON PHONE:

Hello my name is _____ calling on behalf of the Food and Nutrition Service of the Department of Agriculture about the **Evaluation of the Canned, Frozen, or Dried Fruits and Vegetables Pilot Project of the Fresh Fruit and Vegetable Program (FFVP)**. I am calling to follow up on an email sent to you regarding your school's participation in this study. Did you receive the email and have a chance to read it?

According to the Paperwork Reduction Act of 1995, an agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a valid OMB control number. The valid OMB control number for this information collection is 0584-XXXX. The time required to complete this information collection is estimated to average 20 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information.

IF DID NOT RECEIVE THE EMAIL OR DIDN'T READ THE EMAIL:

I can briefly go over the contents of the email. The data collection will begin in September 2014 and will continue in spring 2015. In each school included in the study, we will:

- Randomly select a small number of classrooms and [xx] students in grades (4, 5, and 6) in your school. During the reference week, which we will schedule with you and your staff, a trained interviewer will observe the distribution of free fruit and vegetable snacks in each of the sampled classrooms.
- A letter will be sent to the parent/guardian of each selected student explaining the study and containing a form requesting parental consent. **[IMPLIED CONSENT]:** Your school district requires implied parental consent for their child to participate in this study. **[ACTIVE CONSENT]:** Your school district requires active parental consent for their child to participate in this study. There will be a business reply envelope included for the parent to return the signed consent to Mathematica with no mailing cost to the parent.
- We will ask all students in the selected classrooms to complete a brief survey about their experiences with the fruit and vegetable snack program. The sample of [xx] students in each grade will complete a food diary about food eaten during one school day with the assistance of a trained data collector and then participate in an interviewer-administered dietary recall.

We will ask the school food service manager, a small number of fourth to sixth grade classroom teachers, and parents in the selected classrooms to complete brief surveys.

Finally, we will ask you to complete a self-administered, editable PDF survey about how the FFVP operates in your school.

AS NEEDED: GAINING COOPERATION:

As you may know, your school applied and was selected by the USDA Food and Nutrition Service as one of the [xx] schools across the country that are participating in **Evaluation of the Canned, Frozen, or Dried Fruits and Vegetables Pilot Project of the Fresh Fruit and Vegetable Program (FFVP)**. The data from this evaluation will help us learn about how well the program works at your school from you, your staff, your students and their parents. We will observe the distribution and consumption of the free fresh fruit and vegetable snacks and collect brief self-administered surveys with the teachers, students and their parents selected for the study.

ALL RESPONDENTS: SCHEDULING REFERENCE WEEK:

We will conduct data collection activities at your school for approximately one week. Can you please tell me the name of a person we may contact to assist us with scheduling the week of data collection and the data collection activities with teachers and the students in their selected classrooms?
