

Request for Change Notice to OMB Control No. 0704-0187

This change request is to correct in ROCIS the title of the Information Collection Requirement (ICR) for OMB Control No. 0704-0187. When the ICR was initially assigned a control number by OMB, it covered the entire solicitation process. Over time, separate ICRs were established for all but a few miscellaneous requirements. The renewal package for this ICR, which was submitted to OMB on May 1, 2012, correctly reflected the ICR title in the 60-day Federal Register notice, the 30-day Federal Register Notice, and the 83-I as "Information Collection in Support of the DoD Acquisition Process (Various Miscellaneous Requirements)". There are no other changes. The necessity of this change is to have consistency between the Rule and the ICR. Accordingly DARS requests the following change be made in ROCIS to OMB Control No. 0704-0187.

Revise title in ROCIS from: Information collection in Support of the DOD Acquisition Process (Solicitation Phase)

Revise title in ROCIS to: Information Collection in Support of the DoD Acquisition Process (Various Miscellaneous Requirements)
