

Dear [Respondent],

The Centers for Disease Control and Prevention (CDC) Influenza Division is requesting participation in a 10 question survey from our partners in the African region. CDC is seeking feedback about how on-going influenza capacity-strengthening has contributed to regional surveillance & response during emergency outbreaks, in particular to Ebola. Participation in this survey is voluntary and will take 5 minutes to complete.

We realize that your time is precious and appreciate your participation greatly.

Warm regards,

CDC Influenza Division
