(Headline)

If you are sexually active, HIV negative, and answer “yes” to any of the questions below, PrEP could be right for you:

(text)

- Do you use condoms only sometimes or not at all?
- Are you having sex with more than one person?
- Do you have sex with people whose HIV status you don't know?
- Are you in a relationship with a partner who is HIV infected?
- In the past year:
  - Have you taken emergency post-exposure prophylaxis (PEP) to prevent HIV infection?
  - Have you had a sexually transmitted disease (STD)?
  - Have you used methamphetamines (such as crystal or speed)?
- Do you inject drugs?

**MEN...**

- Do you have sex with men?
- If yes, are you ever the receptive partner (the “bottom”)?

**WOMEN...**

- Are you trying to safely have a child with a partner who is HIV infected?

(Sub Head) Protect yourself from HIV even if your partner is positive  
- ask your doctor or nurse if PrEP is right for you.
