

## **Appendix E: Solicitation Notice Letter**

Greetings,

NYCAMH recently contacted you with a request that you complete ROPS Questionnaire for Tractor Parts Dealer, a survey that measured NEDA priorities for stocking rollover protective structures for farm tractors. If you have not already completed the survey, could you take 5 minutes and do so now? Your opinion matters in the decision to provide ROPS to end users. If you have already completed the survey, please accept our sincere thanks for your valuable input.

Sincerely yours,

Julie Sorensen
