Bidder #: 20-9710679
CBA: Allentown-Bethlehem-Easton, PA-NJ
Product Category: Oxygen Supplies and Equipment
PTAN(s): 7450000002

You must provide your total estimated capacity along with your bid price for each HCPCS code listed for this product category.
Important Reminders:

- **HCPCS**- Healthcare Common Procedure Code System. This is a standardized coding system that is used primarily to identify products, supplies, and services.
- **Product Class** - A combination of codes for which a single bid is required.
- **Item Description**- Short narrative description of each HCPCS code. For long description go to www.dmecompetitivebid.com.
- **Type of Bid** (Rental or Purchase) - This column indicates whether your bid should be for the purchase or monthly rental of the item (identified by the HCPCS code). In most cases you will be asked to submit a bid amount that represents the purchase price of the item even if that item is routinely paid for on a monthly rental.
  - If "Purchase" is indicated, enter a bid amount for total purchase of the item.
  - If "Rental" is indicated, enter a bid price for one month's rental of the item.
  It is very important that you review your bid amount and ensure it was entered correctly.
- **Item Weight**- Indicates the relative market importance of each item to the overall product category.
- **Total Estimated Capacity**- Indicates the number of units per HCPCS code that you estimate you can provide throughout the entire CBA for this product category for one (1) year. For the national mail-order competition for diabetic testing supplies, the CBA includes all parts of the United States, including the 50 states, the District of Columbia, Puerto Rico, the U.S. Virgin Islands, Guam, and American Samoa. To determine the capacity for each HCPCS code, calculate the number of units that you currently furnish on a yearly basis and add any additional number of units or capacity you would be capable of providing annually at the start of the contract period. It is anticipated that suppliers will be capable of sustaining the same level of estimated capacity throughout the entire contract period. Please refer to the Bidding Information Chart titled "Estimated Capacity and Bid Amount Worksheet" at www.dmecompetitivebid.com/bid for the definition of a unit for each item.
- **Fee Schedule** - This indicates the fee schedule amount for the HCPCS code in this CBA. For items included in the national mail-order competition for diabetic testing supplies, the fee schedule amount is the average amount for all parts of the United States, including the 50 states, the District of Columbia, Puerto Rico, the U.S. Virgin Islands, Guam, and American Samoa. You must provide a bid price that is less than or equal to the fee schedule amount.
- **Bid Price**- Indicate your bid price for this item. You should submit a bona fide bid amount for each HCPCS code. The amount submitted should be rational, feasible, supportable, and reflect all costs associated with providing these items and services. If requested, you must be able to provide supporting documentation, such as a manufacturer's invoice and a rationale that verifies you can provide the item to the beneficiary for the bid amount. The bid amount you submit for each HCPCS code should include the cost of furnishing the item throughout the CBA (except for skilled nursing facilities and nursing facilities that elect to participate as specialty suppliers) for the duration of the contract.

HCPCS Code	Product Class	Item Description	Rental Or Purchase	Item Weight	Total Estimated Capacity	Fee Schedule	Bid Price
E1390	A	Oxygen concentrator - BID FOR ENTIRE CLASS USING THIS CODE	Rental	0.5846281292	★ 1	176.06	★ 1
