

PRIOR QUARTER ADJUSTMENT STATEMENT (PQAS) INSTRUCTIONS

The PQAS (Form CMS-304a) is to be used to reconcile and explain prior quarter actions/payments/credits to states.

Labelers use the PQAS in the following instances:

- When responding to the state's invoice for unit changes for prior quarters
- When initially disputing invoiced units
- When reporting adjustments to prior rebate payments as a result of changes in pricing data (PPAs)

Labelers may submit the PQAS in hard copy form or electronically. However, if a state cannot accept an electronic PQAS, we expect labelers to submit the PQAS in hard copy format.

The adjustment and dispute codes found in Appendix C are used for both the ROSI and PQAS. Labelers should select at least one adjustment or dispute code per NDC, and may use several if necessary. Some codes may be appropriate for either situation. In addition, some codes require supporting documentation; however, supporting documentation can always be submitted, even for those instances where it is not specifically mentioned.
