Dear [First name] [Last name],

On behalf of our research team, I want to thank you again for your participation in the Innovative Strategies for Improving Self-Sufficiency (ISIS) project and to ask for your continued participation in this very important project.

We are contacting you now because your name has been selected at random from [NAME OF PROGRAM] participants to participate in an additional part of the ongoing study of ISIS programs and participants. If you choose to participate, one of our researchers would interview you about your experiences in PROGRAM X, your goals for your career, how you balance participation in PROGRAM X with the rest of your life, and other issues. If you decide to participate, we will also ask you to allow us to contact you to complete a short (10 minute) telephone interview with us next year as well as one other in-person interview as you progress in PROGRAM X.

I will contact you in the next few days to provide more information about this phase of the study, answer any questions you might have, and, if you decide to participate, arrange a time and location to meet.

We look forward to your continued participation in this study. If you have any questions or concerns, please contact me at 734-615-2113 (office) or 734-717-1239 (cell).

- If you participate, you will be interviewed and asked questions about your current and recent employment, your family background, your finances, and your participation in any education and training programs.
