Subpart C—Migrant Education Program

SOURCE: 67 FR 71736, Dec. 2, 2002, unless otherwise noted.

§ 200.81 Program definitions.

The following definitions apply to programs and projects operated under subpart C of this part:

(a) *Agricultural work* means the production or initial processing of crops, dairy products, poultry, or livestock, as well as the cultivation or harvesting of trees. It consists of work performed for wages or personal subsistence.

(b) *Fishing work* means the catching or initial processing of fish or shellfish or the raising or harvesting of fish or shellfish at fish farms. It consists of work performed for wages or personal subsistence.

(c) *In order to obtain*, when used to describe why a worker moved, means that one of the purposes of the move is to seek or obtain qualifying work.

(1) If a worker states that a purpose of the move was to seek any type of employment, i.e., the worker moved with no specific intent to find work in a particular job, the worker is deemed to have moved with a purpose of obtaining qualifying work if the worker obtains qualifying work soon after the move.

(2) Notwithstanding the introductory text of this paragraph (c), a worker who did not obtain qualifying work soon after a move may be considered to have moved in order to obtain qualifying work only if the worker states that at least one purpose of the move was specifically to seek the qualifying work, and—

(i) The worker is found to have a prior history of moves to obtain qualifying work; or

(ii) There is other credible evidence that the worker actively sought qualifying work soon after the move but, for reasons beyond the worker's control, the work was not available.

(d) *Migratory agricultural worker* means a person who, in the preceding 36 months, has moved, as defined in paragraph (g), from one school district to another, or from one administrative area to another within a State that is comprised of a single school district, in order to obtain temporary employment or seasonal employment in agricultural work, including dairy work.

(e) *Migratory child* means a child—

(1) Who is a migratory agricultural worker or a migratory fisher; or

(2) Who, in the preceding 36 months, in order to accompany or join a parent, spouse, or guardian who is a migratory agricultural worker or a migratory fisher—

(i) Has moved from one school district to another;

(ii) In a State that is comprised of a single school district, has moved from one administrative area to another within such district; or

(iii) As the child of a migratory fisher, resides in a school district of more than 15,000 square miles, and migrates a distance of 20 miles or more to a temporary residence.

(f) *Migratory fisher* means a person who, in the preceding 36 months, has moved, as defined in paragraph (g), from one school district to another, or from one administrative area to another within a State that is comprised of a single school district, in order to obtain temporary employment or seasonal employment in fishing work. This definition also includes a person who, in the preceding 36 months, resided in a school district of more than 15,000 square miles and moved, as defined in paragraph (g), a distance of 20 miles or more to a temporary residence in order to obtain temporary employment or seasonal employment in fishing work.

(g) *Move* or *Moved* means a change from one residence to another residence that occurs due to economic necessity.

(h) *Personal subsistence* means that the worker and the worker's family, as a matter of economic necessity, consume, as a substantial portion of their food intake, the crops, dairy products, or livestock they produce or the fish they catch.

(i) *Qualifying work* means temporary employment or seasonal employment in agricultural work or fishing work.

(j) *Seasonal employment* means employment that occurs only during a certain period of the year because of the cycles of nature and that, by its nature, may not be continuous or carried on throughout the year.

(k) *Temporary employment* means employment that lasts for a limited period of time, usually a few months, but no longer than 12 months. It typically includes employment where the employer states that the worker was hired for a limited time frame; the worker states that the worker does not intend to remain in that employment indefinitely; or the SEA has determined on some other reasonable basis that the employment is temporary. The definition includes employment that is constant and available year-round only if, within 18 months after the effective date of this regulation and at least once every three years thereafter, the SEA documents that, given the nature of the work, of those workers whose children were previously determined to be eligible based on the State's prior determination of the temporary nature of such employment (or the children themselves if they are the workers), virtually no workers remained employed by the same employer more than 12 months.

§ 200.82 Use of program funds for unique program function costs.

An SEA may use the funds available from its State Migrant Education Program (MEP) to carry out other administrative activities, beyond those allowable under § 200.100(b)(4), that are unique to the MEP, including those that are the same or similar to administrative activities performed by LEAs in the State under subpart A of this

part. These activities include but are not limited to—

(a) Statewide identification and recruitment of eligible migratory children;

(b) Interstate and intrastate coordination of the State MEP and its local projects with other relevant programs and local projects in the State and in other States;

(c) Procedures for providing for educational continuity for migratory children through the timely transfer of educational and health records, beyond that required generally by State and local agencies;

(d) Collecting and using information for accurate distribution of subgrant funds;

(e) Development of a statewide needs assessment and a comprehensive State plan for MEP service delivery;

(f) Supervision of instructional and support staff;

(g) Establishment and implementation of a State parent advisory council; and

(h) Conducting an evaluation of the effectiveness of the State MEP.

§ 200.83 Responsibilities of SEAs to implement projects through a comprehensive needs assessment and a comprehensive State plan for service delivery.

(a) An SEA that receives a grant of MEP funds must develop and update a written comprehensive State plan (based on a current statewide needs assessment that, at a minimum, has the following components:

(1) *Performance targets*. The plan must specify—

(i) Performance targets that the State has adopted for all children in reading and mathematics achievement, high school graduation, and the number of school dropouts, as well as the State's performance targets, if any, for school readiness; and

(ii) Any other performance targets that the State has identified for migratory children.

(2) *Needs assessment*. The plan must include an identification and assessment of—

§ 200.84

(i) The unique educational needs of migratory children that result from the children's migratory lifestyle; and

(ii) Other needs of migratory students that must be met in order for migratory children to participate effectively in school.

(3) *Measurable program outcomes.* The plan must include the measurable program outcomes (i.e., objectives) that a State's migrant education program will produce to meet the identified unique needs of migratory children and help migratory children achieve the State's performance targets identified in paragraph (a)(1) of this section.

(4) *Service delivery.* The plan must describe the strategies that the SEA will pursue on a statewide basis to achieve the measurable program outcomes in paragraph (a)(3) of this section by addressing—

(i) The unique educational needs of migratory children consistent with paragraph (a)(2)(i) of this section; and

(ii) Other needs of migratory children consistent with paragraph (a)(2)(ii) of this section.

(5) *Evaluation.* The plan must describe how the State will evaluate the effectiveness of its program.

(b) The SEA must develop its comprehensive State plan in consultation with the State parent advisory council or, for SEAs not operating programs for one school year in duration, in consultation with the parents of migratory children. This consultation must be in a format and language that the parents understand.

(c) Each SEA receiving MEP funds must ensure that its local operating agencies comply with the comprehensive State plan.

§ 200.84 Responsibilities of SEAs for evaluating the effectiveness of the MEP.

Each SEA must determine the effectiveness of its program through a written evaluation that measures the implementation and results achieved by the program against the State's performance targets in §200.83(a)(1), particularly for those students who have priority for service as defined in section 1304(d) of the ESEA.

§ 200.89 MEP allocations; Re-interviewing; Eligibility documentation; and Quality control.

(a) *Allocation of funds under the MEP for fiscal year (FY) 2006 and subsequent years.* (1) For purposes of calculating the size of MEP allocations for each SEA for FY 2006 and subsequent years (as well as for supplemental MEP allocations for FY 2005), the Secretary de-

termines each SEA's FY 2002 base allocation amount under section 1303(a)(2) and (b) of the Act by applying, to the counts of eligible migratory children that the SEA submitted for 2000-2001, the defect rate that the SEA reports to the Secretary and that the Secretary accepts based on a statewide retrospective re-interviewing process that the SEA has conducted.

(2)(i) The Secretary conditions an SEA's receipt of final FY 2007 and subsequent-year MEP awards on the SEA's completion of a thorough re-documentation of the eligibility of all children (and the removal of all ineligible children) included in the State's 2007-2008 MEP child counts.

(ii) To carry out this re-documentation, an SEA must examine its rolls of all currently identified migratory children and remove from the rolls all children it judges to be ineligible based on the types of problems identified in its statewide retrospective re-interviewing as causing defective eligibility determinations.

(b) *Responsibilities of SEAs for re-interviewing to ensure the eligibility of children under the MEP—(1) Retrospective re-interviewing.* (i) As a condition for the continued receipt of MEP funds in FY 2006 and subsequent years, an SEA that received such funds in FY 2005 but did not implement a statewide re-interviewing process prior to the enactment of this regulation, as well as an SEA with a defect rate that is not accepted by the Secretary under paragraph (a)(1) of this section, or an SEA under a corrective action issued by the Secretary under paragraph (b)(2)(vii) or (d)(7) of this section, must, within six months of the effective date of these regulations or as subsequently required by the Secretary,—

(A) Conduct a statewide re-interviewing process consistent with paragraph (b)(1)(ii) of this section; and

(B) Consistent with paragraph (b)(1)(iii) of this section, report to the Secretary on the procedures it has employed, its findings, its defect rate, and corrective actions it has taken or will take to avoid a recurrence of any problems found.

(ii) At a minimum, the re-interviewing process must include—

(A) Selection of a sample of identified migratory children (from the child counts of a particular year as directed by the Secretary) randomly selected on a statewide basis to allow the State to estimate the statewide proportion of eligible migratory children at a 95 percent confidence level with a confidence interval of plus or minus 5 percent.

(B) Use of independent re-interviewers (i.e., interviewers who are neither SEA or local operating agency staff members working to administer or operate the State MEP nor any other persons who worked on the initial eligibility determinations being tested) trained to conduct personal interviews and to understand and apply program eligibility requirements; and

(C) Calculation of a defect rate based on the number of sampled children determined ineligible as a percentage of those sampled children whose parent/guardian was actually re-interviewed.

(iii) At a minimum, the report must include—

(A) An explanation of the sample and procedures used in the SEA's re-interviewing process;

(B) The findings of the re-interviewing process, including the determined defect rate;

(C) An acknowledgement that, consistent with § 200.89(a), the Secretary may adjust the child counts for 2000–2001 and subsequent years downward based on the defect rate that the Secretary accepts;

(D) A summary of the types of defective eligibility determinations that the SEA identified through the re-interviewing process;

(E) A summary of the reasons why each type of defective eligibility determination occurred; and

(F) A summary of the corrective actions the SEA will take to address the identified problems.

(2) *Prospective re-interviewing.* As part of the system of quality controls identified in § 200.89(d), an SEA that receives MEP funds must, on an annual basis, validate current-year child eligibility determinations through the re-interview of a randomly selected sample of children previously identified as migratory. In conducting these re-interviews, an SEA must—

(i) Use, at least once every three years, one or more independent interviewers (i.e., interviewers who are neither SEA or local operating agency staff members working to administer or operate the State MEP nor any other persons who worked on the initial eligibility determinations being tested) trained to conduct personal interviews and to understand and apply program eligibility requirements;

(ii) Select a random sample of identified migratory children so that a sufficient number of eligibility determinations in the current year are tested on a statewide basis or within categories associated with identified risk factors (e.g., experience of recruiters, size or growth in local migratory child population, effectiveness of local quality control procedures) in order to help identify possible problems with the State's child eligibility determinations;

(iii) Conduct re-interviews with the parents or guardians of the children in the sample. States must use a face-to-face approach to conduct these re-interviews unless circumstances make face-to-face re-interviews impractical and necessitate the use of an alternative method such as telephone re-interviewing;

(iv) Determine and document in writing whether the child eligibility determination and the information on which the determination was based were true and correct;

(v) Stop serving any children found not to be eligible and remove them from the data base used to compile counts of eligible children;

(vi) Certify and report to the Department the results of re-interviewing in the SEA's annual report of the number of migratory children in the State required by the Secretary; and

(vii) Implement corrective actions or improvements to address the problems identified by the State (including the identification and removal of other ineligible children in the total population), and any corrective actions, including retrospective re-interviewing, required by the Secretary.

(c) *Responsibilities of SEAs to document the eligibility of migratory children.* (1) An SEA and its operating agencies must use the Certificate of Eligibility

(COE) form established by the Secretary to document the State's determination of the eligibility of migratory children.

(2) In addition to the form required under paragraph (a) of this section, the SEA and its operating agencies must maintain any additional documentation the SEA requires to confirm that each child found eligible for this program meets all of the eligibility definitions in § 200.81.

(3) An SEA is responsible for the accuracy of all the determinations of the eligibility of migratory children identified in the State.

(d) *Responsibilities of an SEA to establish and implement a system of quality controls for the proper identification and recruitment of eligible migratory children.* An SEA must establish and implement a system of quality controls for the proper identification and recruitment of eligible migratory children on a statewide basis. At a minimum, this system of quality controls must include the following components:

(1) Training to ensure that recruiters and all other staff involved in determining eligibility and in conducting quality control procedures know the requirements for accurately determining and documenting child eligibility under the MEP.

(2) Supervision and annual review and evaluation of the identification and recruitment practices of individual recruiters.

(3) A formal process for resolving eligibility questions raised by recruiters and their supervisors and for ensuring that this information is communicated to all local operating agencies.

(4) An examination by qualified individuals at the SEA or local operating agency level of each COE to verify that the written documentation is sufficient and that, based on the recorded data, the child is eligible for MEP services.

(5) A process for the SEA to validate that eligibility determinations were properly made, including conducting prospective re-interviewing as described in paragraph (b)(2).

(6) Documentation that supports the SEA's implementation of this quality-control system and of a record of actions taken to improve the system

where periodic reviews and evaluations indicate a need to do so.

(7) A process for implementing corrective action if the SEA finds COEs that do not sufficiently document a child's eligibility for the MEP, or in response to internal State audit findings and recommendations, or monitoring or audit findings of the Secretary.

(a) The following definitions apply to the programs authorized in part D, subparts 1 and 2 of Title I of the ESEA:

Children and youth means the same as "children" as that term is defined in § 200.103(a).

(2) Have had an average length of stay in the institution of at least 30 days.

Institution for neglected children and youth means, as determined by the SEA, a public or private residential facility, other than a foster home, that is operated primarily for the care of children and youth who—

(1) Have been committed to the institution or voluntarily placed in the institution under applicable State law
