

proposed actions, and alternatives including the no-action alternative, at PUJ: (1) Obtain an Airport Operating Certificate from FAA, as required for commercial service under 14 CFR Part 139; (2) Relocate the Runway 13 threshold 500 feet west, to the end of the existing concrete pavement, which would increase the usable runway length from 5,505 feet to 6,005 feet; (3) Relocate the Runway 13 Precision Approach Path Indicators (PAPIs) by approximately 500 feet from their current location, to accommodate the threshold relocation; (4) Re-mark the runway and modify the runway lighting and electrical system to coincide with the new threshold location; (5) Extend the parallel taxiway 500 feet west, to connect with the end of the existing runway pavement; (6) Install approximately 19,000 linear feet of wildlife fencing around the perimeter of the Airport; (7) Construct an Aircraft Rescue and Fire Fighting (ARFF) facility adjacent to Airport Parkway, in conjunction with the construction by Paulding County of an Airport Fire Station/Emergency 911 Call Center; (8) Provide a mobile Air Traffic Control Tower in the existing terminal area; (9) Obtain FAA redesignation of airspace (to Class D) during periods when mobile Air Traffic Control Tower is in operation; (10) Construct corporate hangars in the existing terminal area; (11) Construct a terminal area expansion to provide hangars and apron area; (12) Design and construct a 400-foot extension of the Runway Safety Area (RSA) at the Runway 31 End to provide a 1,000 feet long by 500 feet wide RSA; (13) Design and install an approach lighting system consisting of a Medium-Intensity Approach Lighting System with Sequenced Flashers (MALSF) and towers; (14) Design paving and marking for a corporate hangar area expansion; (15) Design paving and marking for an itinerant parking area expansion; (16) Design paving and marking for a T-hangar tie-down area expansion; (17) Construct a blast pad on new pavement at the Runway 13 End; (18) Widen Runway 13–31 from 100 feet to 150 feet; (19) Provide temporary vehicle parking; and (20) Acquire land interest for approximately two (2) acres of property within the future Runway Protection Zone (RPZ) located west of the Runway 13 End.

In addition, the EA will consider the cumulative impacts of airport improvement projects recently completed at PUJ including a runway safety area expansion project and a taxiway widening and lighting project. The EA will also consider the

environmental impacts of the introduction of scheduled commercial air carrier service to PUJ based on an air traffic forecast. In addition, or in the alternative to the forecast, the EA may consider a request by one or more commercial service air carrier(s) to amend its operating specifications to allow operation at PUJ. The EA will also consider the environmental impacts of similar actions not connected to the introduction of scheduled commercial air carrier service at PUJ but expected to occur at PUJ around the same time as the connected actions.

If, during preparation of the EA, it is determined that the proposed project would result in significant environmental impacts that cannot be mitigated, the FAA will issue a revised Notice of Intent (NOI) to complete the NEPA process using an Environmental Impact Statement (EIS).

The FAA is now inviting the public, agencies, tribal governments, and other interested parties to provide comments, suggestions, and input on the content of the EA. The FAA requests that comments be as specific as possible. The FAA will not provide responses to those submitting comments at this time, but all timely comments will be considered and included in the public record. Additional comments will be solicited on a draft EA, and at least one public meeting held in Paulding County, upon completion of the draft EA.

Issued in Atlanta, Georgia, on April 15, 2014.

Larry F. Clark,

Manager, Atlanta Airports District Office, Southern Region.

BILLING CODE 4910-13-P

DEPARTMENT OF TRANSPORTATION

Federal Railroad Administration

[Docket No. FRA-2014-0011-N-7]

Proposed Agency Information Collection Activities; Comment Request

AGENCY: Federal Railroad Administration (FRA), Department of Transportation (DOT).

ACTION: Notice.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995 and its implementing regulations, the Federal Railroad Administration (FRA) hereby announces that it is seeking renewal of the following currently approved information collection activities. Before submitting the

information collection requests (ICRs) below for clearance by the Office of Management and Budget (OMB), FRA is soliciting public comment on specific aspects of the activities identified below.

DATES: Comments must be received no later than June 20, 2014.

ADDRESSES: Submit written comments on any or all of the following proposed activities by mail to either: Mr. Robert Brogan, Office of Safety, Planning and Evaluation Division, RRS-21, Federal Railroad Administration, 1200 New Jersey Ave. SE., Mail Stop 17, Washington, DC 20590, or Ms. Kimberly Toone, Office of Information Technology, RAD-20, Federal Railroad Administration, 1200 New Jersey Ave. SE., Mail Stop 35, Washington, DC 20590. Commenters requesting FRA to acknowledge receipt of their respective comments must include a self-addressed stamped postcard stating, "Comments on OMB control number _____." Alternatively, comments may be transmitted via facsimile to (202) 493-6216 or (202) 493-6497, or via email to Mr. Brogan at Robert.Brogan@dot.gov, or to Ms. Toone at Kim.Toone@dot.gov. Please refer to the assigned OMB control number in any correspondence submitted. FRA will summarize comments received in response to this notice in a subsequent notice and include them in its information collection submission to OMB for approval.

FOR FURTHER INFORMATION CONTACT: Mr. Robert Brogan, Office of Planning and Evaluation Division, RRS-21, Federal Railroad Administration, 1200 New Jersey Ave. SE., Mail Stop 17, Washington, DC 20590 (telephone: (202) 493-6292) or Ms. Kimberly Toone, Office of Information Technology, RAD-20, Federal Railroad Administration, 1200 New Jersey Ave. SE., Mail Stop 35, Washington, DC 20590 (telephone: (202) 493-6132). (These telephone numbers are not toll-free.)

SUPPLEMENTARY INFORMATION: The Paperwork Reduction Act of 1995 (PRA), Public Law 104-13, sec. 2, 109 Stat. 163 (1995) (codified as revised at 44 U.S.C. 3501-3520), and its implementing regulations, 5 CFR part 1320, require Federal agencies to provide 60-days notice to the public for comment on information collection activities before seeking approval for reinstatement or renewal by OMB. 44 U.S.C. 3506(c)(2)(A); 5 CFR 1320.8(d)(1), 1320.10(e)(1), 1320.12(a). Specifically, FRA invites interested respondents to comment on the following summary of proposed information collection

activities regarding (i) whether the information collection activities are necessary for FRA to properly execute its functions, including whether the activities will have practical utility; (ii) the accuracy of FRA's estimates of the burden of the information collection activities, including the validity of the methodology and assumptions used to determine the estimates; (iii) ways for FRA to enhance the quality, utility, and clarity of the information being collected; and (iv) ways for FRA to minimize the burden of information collection activities on the public by automated, electronic, mechanical, or other technological collection techniques or other forms of information technology (e.g., permitting electronic submission of responses). See 44 U.S.C. 3506(c)(2)(A)(i)-(iv); 5 CFR 1320.8(d)(1)(i)-(iv). FRA believes that soliciting public comment will promote its efforts to reduce the administrative

and paperwork burdens associated with the collection of information mandated by Federal regulations. In summary, FRA reasons that comments received will advance three objectives: (i) Reduce reporting burdens; (ii) ensure that it organizes information collection requirements in a "user friendly" format to improve the use of such information; and (iii) accurately assess the resources expended to retrieve and produce information requested. See 44 U.S.C. 3501.

Below is a brief summary of currently approved information collection activities that FRA will submit for clearance by OMB as required under the PRA:

Title: Railroad Operating Rules.
OMB Control Number: 2130-0035.

Abstract: The collection of information is due to the railroad operating rules set forth in 49 CFR part 217 which require Class I and Class II railroads to file with FRA copies of their

operating rules, timetables, and timetable special instructions, and subsequent amendments thereto. Class III railroads are required to retain copies of these documents at their systems headquarters. Also, 49 CFR 220.21(b) prescribes the collection of information which requires railroads to retain one copy of their current operating rules with respect to radio communications and one copy of each subsequent amendment thereto. These documents must be made available to FRA upon request. Through these rules, FRA learns the condition of operating rules and practices with respect to trains and instructions provided by the railroad to their employees in operating practices.

Form Number(s): N/A.

Affected Public: Businesses.

Respondent Universe: 720 railroads.

Frequency of Submission: On occasion.

Reporting Burden:

CFR section	Respondent universe	Total annual responses	Average time per response	Total annual burden hours
217.7—Copy—FRA—Operating rules, timetables, Class I & II RRs.	2 new railroads	2 submissions	1 hour	2
—Amendments	55 railroads	165 amendments	20 minutes	55
—Copy of operating rules/timetables, etc. by Class III.	5 new railroads	5 submissions	55 minutes	5
—Amendments by Class III Railroads	687 railroads	2,061 amendments	15 minutes	515

Total Estimated Responses:
188,669,706.
Total Estimated Annual Burden:
4,839,583 hours.
Status: Extension of a Currently Approved Collection.
Title: Reflectorization of Freight Rolling Stock.
OMB Control Number: 2130-0566.
Abstract: The Federal Railroad Administration (FRA) issued this regulation to mandate the reflectorization of freight rolling stock

(freight cars and locomotives) to enhance the visibility of trains in order to reduce the number and severity of accidents at highway-rail grade crossings in which train visibility acted as a contributing factor. The information collected is used by FRA to ensure that railroads/car owners follow the schedule established by the regulation for placing retro-reflective material on the sides of freight rolling stock (freight cars and locomotives) in order to improve the visibility of trains. The

information is also used by FRA to confirm that railroads/car owners meet the prescribed standards for the application, inspection, and maintenance of the required retro-reflective material.
Form Number(s): FRA F 6180.113.
Affected Public: Businesses.
Respondent Universe: 685 railroads and 4 Locomotive Manufacturers.
Frequency of Submission: On occasion.

224.109—Inspection, Repair, Replacement—Freight Cars.	AAR + 300 Car Shops ...	272,600 Notices	2 minutes	9,090
—Locomotives: Records of Restrictions	22,045 Locomotives	4,809 records	3 minutes	240

Total Responses: 278,237.
Total Estimated Total Annual Burden: 18,044 hours.
Status: Extension of a Currently Approved Collection.
Title: Track Safety Standards: Concrete Crossties.
OMB Control Number: 2130–0592.
Abstract: On April 1, 2011, FRA amended the Federal Track Safety Standards to promote the safety of railroad operations over track

constructed with concrete crossties. In particular, FRA mandated specific requirements for effective concrete crossties, for rail fastening systems connected to concrete crossties, and for automated inspections of track constructed with concrete crossties. The information collected under § 213.234 is used by FRA to ensure that automated track inspections of track constructed with concrete crossties are carried out as specified in this section to supplement

visual inspections by Class I and Class II railroads, intercity passenger railroads, and commuter railroads or small government jurisdictions that serve populations greater than 50,000.
Form Number(s): N/A.
Affected Public: Businesses.
Respondent Universe: 18 railroads.
Frequency of Submission: On occasion.
Reporting Burden:

CFR section	Respondent universe	Total annual responses	Average time per response	Total annual burden hours
213.234—Automated Inspection of Track Constructed with Concrete Crossties: Exception Reports Listing All Exception to §213.109(d)(4).	18 Railroads	150 reports	8 hours	1,200
— Copies of Exception Report Provided to Designated Person under §213.234(e)(1).	18 Railroads	150 report copies	12 minutes	30
—Field Verification of Exception Reports	18 Railroads	150 verification	2 hours	300
—Records of Inspection Data	18 Railroads	150 records	30 minutes	75
—Institution of Procedures by Track Owner to Maintain Integrity of Track Data Collected by the Measurement System.	18 Railroads	18 procedures	4 hours	72
—Training by Track Owner: Annual Training in Handling Rail Seat Deterioration Exceptions to All Persons Designated Fully Qualified under §213.7.	18 Railroads	2,000 trained employees	8 hours	16,000

Total Responses: 2,618.
Total Estimated Total Annual Burden: 17,677 hours.
Status: Extension of a Currently Approved Collection.
 Pursuant to 44 U.S.C. 3507(a) and 5 CFR 1320.5(b), 1320.8(b)(3)(vi), FRA informs all interested parties that it may not conduct or sponsor, and a respondent is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

Authority: 44 U.S.C. 3501–3520.
 Issued in Washington, DC, on 15 April 2014.

DEPARTMENT OF TRANSPORTATION

Maritime Administration

[Docket No. MARAD–2014 0065]

Requested Administrative Waiver of the Coastwise Trade Laws: Vessel ESCAPE TO; Invitation for Public Comments

AGENCY: Maritime Administration, Department of Transportation.
ACTION: Notice.

SUMMARY: As authorized by 46 U.S.C. 12121, the Secretary of Transportation, as represented by the Maritime Administration (MARAD), is authorized to grant waivers of the U.S.-build requirement of the coastwise laws under certain circumstances. A request for such a waiver has been received by MARAD. The vessel, and a brief description of the proposed service, is listed below.

DATES: Submit comments on or before May 21, 2014.

ADDRESSES: Comments should refer to docket number MARAD–2014–0065. Written comments may be submitted by hand or by mail to the Docket Clerk, U.S. Department of Transportation, Docket Operations, M–30, West Building Ground Floor, Room W12–140, 1200 New Jersey Avenue SE., Washington, DC 20590. You may also send comments electronically via the Internet at <http://www.regulations.gov>. All comments will become part of this docket and will be available for inspection and copying at the above address between 10 a.m. and 5 p.m., E.T., Monday through Friday, except federal holidays. An electronic version of this document and all documents entered into this docket is available on the World Wide Web at <http://www.regulations.gov>.

FOR FURTHER INFORMATION CONTACT: Linda Williams, U.S. Department of Transportation, Maritime Administration, 1200 New Jersey Avenue SE, Room W23–453,
