

Housing Opportunities for Persons with AIDS (HOPWA) Program

Annual Progress Report (APR) Measuring Performance Outcomes

OMB Number 2506-0133 (Expiration Date: XX/XX/XXXX)

The HOPWA APR report for competitively selected grantees provides annual information on program accomplishments in meeting the program's performance outcome measure: maintain housing stability; improve access to care; and reduce the risk of homelessness for low-income persons and their families living with HIV/AIDS. The public reporting burden for the collection of information is estimated to average 55 hours per manual response, or less if an automated data collection and retrieval system is in use, along with 60 hours for record keeping, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Grantees are required to report on the activities undertaken only, thus there may be components of these reporting requirements that may not be applicable. This agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless that collection displays a valid OMB control number.

Overview. The Annual Progress Report (APR) provides annual performance reporting on clients outputs and outcomes that enables an assessment of grantee performance in achieving the housing stability outcome measure. The APR fulfills statutory reporting requirements and provides the grantee and HUD with the necessary information to assess the overall performance and accomplishment of the grantee's program activities under the approved goals and objectives.

HOPWA competitive grantees are required to submit an APR for each operating year in which HOPWA grant funds were expended. Information on each competitive grant is to be reported in a separate APR. Grantees must complete Parts 1-5 on standard reporting elements. Grantees approved for "Other Activities", as detailed in their grant agreement, are requested to adapt the APR to report on their unique program accomplishments.

In addition, grantees are requested to comply with the Federal Funding Accountability and Transparency Act 2006 (Public Law 109-282), which requires grant recipients to provide general information for all entities (including contractors and sub-contractors) receiving \$25,000+ in federal funding.

Continued Use Periods. Grantees that received HOPWA funding for new construction, acquisition, or substantial rehabilitation are required to operate their facilities for HOPWA-eligible beneficiaries for a ten (10) year period. If no further HOPWA funds are used to support the facility, in place of filing the APR, the grantee must submit an Annual Certification of Continued Project Operation throughout the required use periods. This certification is included in Part 5E Certification of Continued Usage in this APR. The required use period is three years if rehabilitation is non-substantial.

Record Keeping. Names and other individual information must be kept confidential, as required by 24 CFR 574.440. However, HUD reserves the right to review the information used to complete this report for grants management oversight purposes, except for recording any names and other identifying information. **In the case that HUD must review client level data, no client names or identifying information will be retained or recorded. Information is reported in aggregate to HUD without personal identification. Do not submit client or personal information in data systems to HUD.**

In connection with the development of the Department's standards for Homeless Management Information Systems (HMIS), universal data elements are being collected for clients of HOPWA-funded homeless assistance projects. These project sponsor records would include: Name, Social Security Number, Date of Birth, Ethnicity and Race, Gender, Veteran

Status, Disability Status, Residence Prior to Program Entry, Zip Code of Last Permanent Address, Program Entry Date, Program Exit Date, Unique Person Identification Number, and Household Identification Number. These are intended to match the elements under HMIS. The HOPWA program-level data elements include: Income and Sources, Non-Cash Benefits, HIV/AIDS Status, Housing Support, Services Received, and Housing Status or Destination at the end of the operating year. Other suggested but optional elements are: Behavioral Health Status, Domestic Violence, Employment, Education, General Health Status, Physical Disability, Pregnancy Status, Reasons for Leaving, Veteran's Information, and Children's Education. Other HOPWA projects sponsors may also benefit from collecting these data elements.

Operating Year. The information contained in this APR should reflect the grantee's operating year determined at the time the grant agreement is signed. Project sponsor accomplishment information must coincide with this operating year period. Any change requires the approval of HUD by amendment, such as an extension for one additional year of operation. A renewal grant start date would be coordinated with the close out of the existing grant.

Final Assembly of Report. After the entire report is assembled, please number each page sequentially.

Filing Requirements. Within 90 days of the completion of the operating year, grantees must submit their completed APR to the CPD Director in the grantee's State or Local HUD Office, and to the HOPWA Program Office: Office of HIV/AIDS Housing, Room 7212, U.S. Department of Housing and Urban Development, 451 Seventh Street SW, Washington, D.C. 20410.

Definitions

Adjustment for Duplication: Enables the calculation of an unduplicated output totals by accounting for the total number of households or units that received more than one type of HOPWA assistance in a given service category.

Administrative Costs: Costs for general management, oversight, coordination, evaluation, and reporting. By statute, grantee administrative costs are limited to 3% of total grant award, to be expended over the life of the grant. Project sponsor administrative costs are limited to 7% of the portion of the grant amount they receive.

Beneficiary(ies): All members of a household who received HOPWA assistance during the operating year including the one individual who qualified the household for HOPWA assistance as well as any other members of the household (with or without HIV) who benefitted from the assistance.

Central Contractor Registration (CCR): The primary registrant database for the U.S. Federal Government. CCR collects, validates, stores, and disseminates data in support of agency acquisition missions, including Federal agency contract and assistance awards. Both current and potential federal government registrants are required to register in CCR in order to be awarded contracts by the federal government. Registrants must update or renew their registration at least once per year to maintain an active status. Although recipients of direct federal contracts and grant awards have been required to be registered with CCR since 2003, this requirement is now being extended to indirect recipients of federal funds with the passage of ARRA. Per ARRA (American Recovery and Reinvestment Act) and FFATA (Federal Funding Accountability and Transparency Act) federal regulations, all sub-grantees or subcontractors receiving federal grant awards or contracts must have a DUNS (Data Universal Numbering System) Number and be registered with the CCR (Central Contractor Registration).

Chronically Homeless Person: An unaccompanied homeless individual (age 18 years or older) with a disabling condition or a family with at least one adult member (age 18 years or older) who has a disabling condition who has either been continuously homeless for a year or more **OR** has had at least four episodes of homelessness in the past three years.” For this purpose, the term “homeless” means “a person sleeping in a place not meant for human habitation (e.g., living on the streets) or in an emergency homeless shelter.” This does not include doubled-up or overcrowding situations.

Disabling Condition: A diagnosable substance use disorder, serious mental illness, developmental disability, or chronic physical illness or disability, including the co-occurrence of two or more of these conditions. In addition, a disabling condition may limit an individual’s ability to work or perform one or more activities of daily living. An HIV/AIDS diagnosis is considered a disabling condition.

Extension: In addition to the standard three-year grant term, an *Extension APR* applies to grantees that requested and received the one-year extension of their grant term from the HUD field office.

Facility-Based Housing Assistance: All eligible HOPWA Housing expenditures for or associated with supporting facilities including community residences, SRO dwellings, short-term facilities, project-based rental units, master leased units, and other housing facilities approved by HUD.

Faith-Based Organization: Religious organizations of three types: (1) congregations; (2) national networks, which include national denominations, their social service arms (for example, Catholic Charities, Lutheran Social Services), and networks of related organizations (such as YMCA and YWCA); and (3) freestanding religious organizations, which are incorporated separately from congregations and national networks.

Grassroots Organization: An organization headquartered in the local community where it provides services; has a social services budget of \$300,000 or less annually, and six or fewer full-time equivalent employees. Local affiliates of national organizations are not considered “grassroots.”

HOPWA Eligible Individual: The one (1) low-income person with HIV/AIDS who qualifies a household for HOPWA assistance. This person may be considered “Head of Household.” When the APR asks for information on eligible individuals, report on this individual person only. Where there is more than one person with HIV/AIDS in the household, the additional PWH/A(s), would be considered a beneficiary(s).

Household: A single individual or a family composed of two or more persons for which household incomes are used to determine eligibility and for calculation of the resident rent payment. Caregivers and non-beneficiaries who resided in the shared unit are not reported on in the APR. The term is used for collecting data on changes in income, changes in access to services, receipt of housing information services, and outcomes on achieving housing stability.

Housing Assistance Total: This total is the unduplicated number of households receiving housing subsidies and residing in units of facilities dedicated to persons living with HIV/AIDS and their families and supported with HOPWA or leveraged funds during the operating year.

Housing Stability: The degree to which the HOPWA project assisted beneficiaries remain in stable housing during the operating year. See Part 6: Worksheet definitions of stable and unstable housing situations.

In-Kind Leveraged Resources: These involve additional types of organizational supports, such as volunteer services, materials, use of building space and equipment, provided to assist HOPWA beneficiaries. The actual value of the support can be the contribution of professional services, based on customary rates for this specialized support, or actual costs contributed from other leveraged resources. In determining a rate for the contribution of volunteer time and services, use the rate established in HUD notices, such as the rate of ten dollars per hour. The value of any donated material, equipment, building, or lease should be based on the fair market value at time of donation. Related documentation can be from recent bills of sales, advertised prices, appraisals, or other information for comparable property similarly situated.

Non-HOPWA Leveraged Funds: Cash resources separate from the HOPWA grant award and may include: CDBG, HOME, ESG, SHP, S+C, SRO Mod Rehab, Housing Choice Vouchers (Section 8), PHA units, Supportive Housing for Persons with Disabilities/Elderly (Section 811/202), Low Income Housing Tax Credits (LIHTC), Historic Tax Credits, USDA Rural Housing Service, Ryan White CARE Act programs, other federal programs HHS, VA, DOL, etc, state funds, local government funds, and private philanthropy. While other HOPWA funds may be used in conjunction with this grant, the amounts are not counted as leveraging for purposes of the grant application selection or criteria, and performance is reported under the applicable HOPWA grant.

Operating Costs: Applies to facility-based housing only, for facilities that are currently open. Operating costs can include day-to-day housing function and operation costs like utilities, maintenance, equipment, insurance, security, furnishings, supplies and salary for staff costs directly related to the housing project but not staff costs for delivering services.

Outcome: The HOPWA assisted households who have been enabled to establish or

better maintain a stable living environment in housing that is safe, decent, and sanitary, (per the regulations at 24 CFR 574.310(b)) and to reduce the risks of homelessness, and improve access to HIV treatment and other health care and support.

Output: The number of units of housing or households that receive HOPWA housing assistance during the operating year.

Permanent Housing Placement: A supportive housing service that helps establish the household in the housing unit, including but not limited to reasonable costs for security deposits not to exceed two months of rent costs.

Project-Based Rental Assistance (PBRA): A rental subsidy program that is tied to specific facilities or units owned or controlled by a project sponsor. Assistance is tied directly to the properties and is not portable or transferable.

Program Income: Gross income directly generated from the use of HOPWA funds, including repayments. See grant administration requirements on program income for state and local governments at 24 CFR 85.25, or for non-profits at 24 CFR 84.24.

Project Sponsor Organizations: Any nonprofit organization or governmental housing agency that receives funds under a contract with the grantee or subrecipient to provide housing and other support services as defined in 24 CFR 574.300.

Short-Term Rent, Mortgage, and Utility (STRMU) Assistance: A time-limited housing assistance designed to prevent homelessness and increase housing stability. Grantees may provide assistance for up to 21 weeks in any 52 week period. The amount of assistance varies per client depending on funds available, tenant need and program guidelines.

Stewardship Units: Units developed with HOPWA, where HOPWA funds were used for acquisition, new construction and rehabilitation that no longer receive operating subsidies. Report information for the units is subject to the three-year use agreement if rehabilitation is non-substantial and to the ten-year use agreement if rehabilitation is substantial.

Subrecipient Organization: Organizations that hold an agreement with the grantee or sponsor agencies to provide administrative or limited implementation activities that do not involve direct services to clients. Examples of these organizations are as follows; evaluation firms, construction firms, administrative agencies, etc. Agreements include: grants, subgrants, loans, awards, cooperative agreements, and other forms of financial assistance; and contracts, subcontracts, purchase orders, task orders, and delivery orders

Tenant-Based Rental Assistance (TBRA): TBRA is a rental subsidy program similar to Section 8 that grantees can provide to help low-income households access affordable housing. The TBRA voucher is not tied to a specific unit, so tenants may move to a different unit without losing their assistance, subject to individual program rules. The subsidy amount is determined in part based on household income and rental costs associated with the tenant’s lease.

Total by Type of Housing Assistance Type/Services: : The unduplicated households assisted 1) in units by type of housing assistance dedicated to persons living with HIV/AIDS and their families, or 2) services provided that were supported with HOPWA and leveraged funds during the operating year.

Part 2: Grantee Narrative and Performance Assessment

Use the Grantee Narrative and Performance Assessment (items A through D) to succinctly describe in a one to three page narrative how activities enabled client households to improve housing stability, increased access to care and support, and reduced their risk of homelessness. Describe the organization of the HOPWA Program and how the program interacts with other housing and supportive service programs in the community and/or state. The narrative should detail program accomplishments, barriers to achieving state performance goals, technical assistance needs and innovative outreach and support strategies utilized by project sponsors or partner organizations to achieve program goals. In addition, provide information on any evaluations of the project’s accomplishments conducted during the operating year. This narrative will be used for public information, including posting on HUD’s web page.

A. Outputs Reported. Describe program accomplishments including the number of housing units supported and the number households assisted with HOPWA funds during this operating year. Include a comparison between proposed (as approved in the grant agreement) and actual accomplishments, as demonstrated in Part 3: Overview of Grant Activities. In the narrative, describe how housing assistance is coordinated to serve clients. If your organization has a waiting list, please explain how it is administered.

B. Outcomes Assessed. Assess your program’s success in enabling HOPWA beneficiaries to establish and/or better maintain a stable living environment in housing that is safe, decent, and sanitary, and improve access to care. Compare current year results to baseline results for clients. Describe how program activities/projects contributed to meeting stated goals. If program did not achieve expected targets, please describe how your program plans to address challenges in program implementation and the steps currently being taken to achieve goals in next operating year. If your program exceeded program targets, please describe strategies the program utilized and how those contributed to program successes.

C. Barriers and Recommendations. Describe any barriers (including regulatory and non-regulatory) encountered in the administration or implementation of the HOPWA program, how they affected your program’s ability to achieve the objectives and outcomes discussed, and actions taken in response to barriers, as well as recommendations for program improvement. You may select more than one from the following list. Specify a barrier for each explanation or description.

If you are the single HOPWA service provider in your area, check line b. In Chart 2 item 1, provide an assessment of the total number HOPWA-eligible households that require housing assistance, but are not served by any HOPWA-funded housing assistance in this service area. If data is collected on the type of housing that is needed, in rows a through c enter the total number of HOPWA-eligible households by type of housing assistance needed. Do not include clients who are already receiving HOPWA-funded housing assistance.

Refer to Chart 3, and check all sources consulted to calculate unmet need. Reference any data from neighboring states' or municipalities' Consolidated Plan or other planning efforts that informed the assessment of Unmet Need in your service area.

Part 6: Worksheet - Determining HOPWA Outcomes and Connections with HMIS

1. This Chart is designed to help you assess program results based on the information reported in Part 4. Completion of this worksheet is optional.

Permanent Housing Assistance	Stable Housing (# remaining in program plus 3+4+5+6=#)	Temporary Housing (2)	Unstable Arrangements (1+7+8=#)	Life Event (9)
Tenant-based Rental Assistance (TBRA)				
Permanent Facility-Based Housing Assistance/Units				
Transitional/Short-term Facility-Based Housing Assistance/Units				
Total Permanent HOPWA Housing Assistance				
Reduced Risk of Homelessness: Short-Term Assistance	Stable/Permanent Housing	Temporarily Stable, with Reduced Risk of Homelessness	Unstable Arrangements	Life Events
Short-term Rent, Mortgage, and Utility Assistance (STRMU)				
Total HOPWA Housing Assistance				

Background on HOPWA Housing Stability Codes

Stable Permanent Housing/Ongoing Participation

3 = Private Housing in the private rental or home ownership market (without known subsidy, including permanent placement with families or other self sufficient arrangements) with reasonable expectation that additional support is not needed.

4 = Other HOPWA-funded housing assistance (not STRMU), e.g. TBRA or Facility-Based Assistance.

5 = Other subsidized house or apartment (non-HOPWA sources, e.g., Section 8, HOME, Public Housing).

6 = Institutional setting with greater support and continued residence expected (e.g., residential or long-term care facility).

Temporary Housing

2 = Temporary housing: moved in with family/friends or other short-term arrangement, such as Ryan White subsidy, transitional housing for homeless, or temporary placement in institution (e.g., hospital, psychiatric hospital or other psychiatric facility, substance abuse treatment facility or detox center).

Unstable Arrangements

1 = Emergency shelter or no housing destination such as places not meant for habitation (e.g., a vehicle, an abandoned building, bus/train/subway station, or anywhere outside).

7 = Jail /Prison.

8 = Disconnected or disappeared from project support, unknown destination or no assessments of housing needs were undertaken.

Life Event

9 = Death, i.e., remained in housing until death. This characteristic is not factored into the housing stability equation.

Tenant-based Rental Assistance: Stable Housing is the sum of the number of households that (i) remain in the housing and (ii) those that left the assistance as reported under: 3, 4, 5, and 6. Temporary Housing is the number of households that accessed assistance, and left their current housing for a non-permanent housing arrangement, as reported under item 2. Unstable Situations is the sum of numbers reported under items: 1, 7, and 8.

Permanent Facility-Based Housing Assistance: Stable Housing is the sum of the number of households that (i) remain in the housing and (ii) those that left the assistance as shown as items: 3, 4, 5, and 6. Temporary Housing is the number of households that accessed assistance, and left their current housing for a non-permanent housing arrangement, as reported under item 2. Unstable Situations is the sum of numbers reported under items: 1, 7, and 8.
