

NRC Evaluation Survey for Program Grantees

Paperwork Reduction Act Statement: This survey contains information collections that are subject to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 et seq.). These information collections were approved by the Office of Management and Budget, approval number 3150-XXXX, which expires XXXX.

The burden to the public for these voluntary information collections is estimated to be 45 minutes per response. The information gathered will be used to inform the NRC about the use of grant funds. Send comments regarding this burden estimate to the Information Services Branch (T-5 F53), U.S. Nuclear Regulatory Commission, Washington, DC 20555-0001, or by e-mail to INFCOLLECTS.RESOURCE@NRC.GOV; and to the Desk Officer, Danielle Jones, Office of Information and Regulatory Affairs, NEOB-10202, (3150-XXXX), Office of Management and Budget, Washington, DC 20503.

Public Protection Notification: The NRC may not conduct or sponsor, and a person is not required to respond to, a request for information or an information collection requirement unless the requesting document displays a currently valid OMB control number.

Respondent Characteristics

Thank you, Grantees! We appreciate your cooperation in taking this survey of the Nuclear Regulatory Commission (NRC) Grantee Program.

This evaluation is being conducted by McKinley Group under contract to the NRC.

1. Where do you reside?

- NRC Region 1 (CT, DE, ME, MD, MA, NH, NJ, NY, PA, RI, VT, Washington, DC)
- NRC Region 2 (AL, FL, GA, KY, MS, NC, Puerto Rico, SC, TN, VA, VI, WV)
- NRC Region 3 (IL, IN, IA, MI, MN, OH, WI)
- NRC Region 4 (AK, AZ, AR, CA, CO, HI, ID, KS, LA, MO, MT, NE, NV, NM, ND, OK, OR, SD, TX, U.S. Pacific Territories)

NRC Evaluation Survey for Program Grantees

2. Which one of the following Educational Institution categories best describes your institution?

- Trade School/Community College
- Publicly Funded University/College
- Privately Funded University/College
- Private/Public Mixed Funding University/College

3. Which of the following categories best describes the department in which you work at your institution?

- Nuclear Engineering
- Health Physics
- Radio-Chemistry
- Electrical Engineering
- Environmental Engineering
- Materials Engineering
- Mechanical Engineering

Other (please specify)

4. How long have you been at your current institution?

Years

Months

5. How many NRC grants have you received as the Principle Investigator?

- 1
- 2
- 3
- 4+

NRC Evaluation Survey for Program Grantees

6. When did you receive your first NRC Grant?

- 2007
- 2008
- 2009
- 2010
- 2011
- 2012

7. When did you receive your most recent NRC Grant?

- 2007
- 2008
- 2009
- 2010
- 2011
- 2012

8. Did you receive an NRC grant at your current institution?

- Yes
- No, I was at another institution when I received my NRC Grant
- Both, I have received an NRC grant at my former institution and my current institution

*9. Besides your grant, has your current institution received other NRC grants?

- Yes
- No
- Don't know

Respondent Characteristics

NRC Evaluation Survey for Program Grantees

10. Excluding yours, how many NRC grants has your current institution received in the past five years?

- 1
- 2
- 3
- 4+
- Don't know

11. Please indicate the amount of funds from NRC grants you have received in the past five years.

- Less than \$100,000
- \$100,000–\$199,999
- \$200,000–\$349,999
- \$350,000–\$499,999
- \$500,000–\$699,999
- \$700,000–\$999,999
- \$1 million or more

Respondent Characteristics

**12. Since receiving your NRC grant, have you:
Select all that apply.**

- Sought more funding
- Continued work started with grant funds
- Expanded programming with internal funds
- Expanded programming with external funds

Other (please specify)

NRC Evaluation Survey for Program Grantees

***13. How many other nuclear education grants from other sources (excluding NRC) has your institution received in the past five years?**

- None
- 1
- 2
- 3
- 4
- Don't know

Other (please specify)

Respondent Characteristics

14. Has your institution received nuclear educational development grants from any of the following? Select all that apply.

- Department of Energy (DOE)
- Department of Labor (DOL)
- National Nuclear Security Administration (NNSA)
- National Science Foundation (NSF)
- Foundation grant program
- Private sector/Industry grant programs
- State government grant programs

Other (please specify)

NRC Evaluation Survey for Program Grantees

15. Please indicate the amount of funds from other sources (e.g., DOE-Department of Energy, etc.) your institution has received in the past five years.

- Less than \$500,000
- \$500,000–\$749,999
- \$750,000–\$999,999
- \$1,000,000–\$1,499,999
- \$1,500,000–\$1,999,999
- \$2,000,000–\$2,999,999
- \$3,000,000–\$3,999,999
- \$4,000,000–\$4,999,999
- \$5 million or more

Respondent Characteristics

16. Are you now, or have you in the past five years, collaborated with other grantees of NRC educational grants?

- No
- Yes

If yes, briefly describe how

NRC Evaluation Survey for Program Grantees

17. Do you collaborate with other postsecondary institutions (e.g., colleges, universities, trade schools) for any of the following? Select all that apply.

- Information exchange
- Shared analysis/research
- Joint sponsorship of public events
- Joint curriculum development
- Joint training
- Joint pursuit of funding opportunities
- Funds sharing
- Staff sharing
- Exchange students
- Not applicable. I do not collaborate with other postsecondary institutions

Other (please specify)

18. Do you collaborate with private sector industry for any of the following? Select all that apply.

- Information exchange
- Partner with industry for specialized curriculum development
- Shared analysis/research
- Joint sponsorship of public events (e.g., career fairs)
- Industry provides internships for students
- Industry provides short-term adjunct instructors/training for our institution
- Industry provides scholarships for students at my institution
- Industry provides access to equipment
- Not applicable. I do not collaborate with other postsecondary institutions

Other (please specify)

19. Approximately, how many students are enrolled at your institution in a nuclear-related degree or training program? Specify your answer using whole numbers.

Undergraduate level

Graduate level

NRC Evaluation Survey for Program Grantees

***20. Have the number of undergraduate students enrolled at your institution in a nuclear-related degree or training program increased or decreased since you received your first NRC grant?**

- Increased
- Decreased
- Hasn't changed noticeably

Respondent Characteristics

21. By approximately what percentage has undergraduate enrollment in nuclear-related programs grown?

- 0-9%
- 10-14%
- 15-19%
- 20-24%
- 25-50%
- Over 50%

Respondent Characteristics

22. By approximately what percentage has undergraduate enrollment in nuclear-related programs dropped?

- 0-9%
- 10-14%
- 15-19%
- 20-24%
- 25%+

Respondent Characteristics

NRC Evaluation Survey for Program Grantees

***23. Have the number of graduate students enrolled at your institution in a nuclear-related degree or training program increased or decreased since you received your first NRC grant?**

- Increased
- Decreased
- Hasn't changed noticeably
- Not applicable, we don't have a graduate-level program

Respondent Characteristics

24. By approximately what percentage has graduate-level enrollment in nuclear-related programs grown?

- 0-9%
- 10-14%
- 15-19%
- 20-24%
- 25-50%
- Over 50%

Respondent Characteristics

25. By approximately what percentage has graduate-level enrollment in nuclear-related programs dropped?

- 0-9%
- 10-14%
- 15-19%
- 20-24%
- 25%+

Respondent Characteristics

NRC Evaluation Survey for Program Grantees

26. Approximately what is the graduation rate for students in your department? (e.g., Percentage of students who start the program that actually complete the program with a nuclear-related degree)

- 25%
- 26-50%
- 51-75%
- 75% or greater

27. How has your student completion rate (i.e., proportion of students receiving a nuclear-related degree) changed since you first received your NRC funding?

- Improved
- Decreased
- Stayed the same
- Don't know

28. Approximately what percentage of students drop out of, or change their major from, a nuclear-related field at your institution each year?

- 25%
- 26-50%
- 51-75%
- 75% or greater
- Don't know

***29. How many students serve as interns or research assistants in your department each year?**

- 1-2
- 3-4
- 5-6
- 7-8
- 9+
- Don't Know
- Not applicable; we don't offer these types of activities

Respondent Characteristics

NRC Evaluation Survey for Program Grantees

30. Has this number increased since you received your first NRC grant?

- Yes
- No
- Don't know

Respondent Characteristics

31. What activities does your department use to raise awareness about career opportunities for students? Select all that apply.

- Alumni outreach
- Web site promotion
- Print materials
- Open houses
- Career fairs
- Outreach (e.g., military)
- Offering internships
- Mentoring students
- Involving students as research assistants

Other (please specify)

32. Approximately what percentage of undergraduate students graduating from your department go on to obtain an advanced degree in a nuclear-related field (e.g., enroll in a graduate program)?

- 0-25%
- 26-40%
- 41-50%
- 51-60%
- 61-70%
- 71-80%
- 81-90%
- 91%+

NRC Evaluation Survey for Program Grantees

33. To what extent has your grant been used to support the following NRC-focused fields?

Please check one for each field.

	To a great extent	Somewhat	Very little	Not at all
Nuclear processes	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Theory and production of atomic energy, including materials, and devices related to such production	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Utilization of special nuclear material and radioactive material for medical, biological, agricultural, health, or military purposes	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Utilization of special nuclear material, atomic energy, and radioactive material and processes entailed in the utilization of production of atomic energy or such material for all other purposes including industrial or commercial uses, the generation of usable energy, and the demonstration of advances in the commercial or industrial application of atomic energy	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
The protection of health and the promotion of safety during research and production activities	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
The preservation and enhancement of a viable environment by developing more efficient methods to meet the Nation's energy needs	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

34. In your opinion, what is the biggest challenge facing the nuclear industry workforce moving forward (in the next five years)?

- Aging workforce
- Keeping pace with advances in technology
- Rising costs of tuition
- Having the skilled workforce needed
- Reduced building of new nuclear power plants
- Reduced demand for the development of nuclear energy

Other (please specify)

35. Has your institution taken steps to specifically address these challenges?

- Yes
- No

If yes, please describe

NRC Evaluation Survey for Program Grantees

36. Since receiving your first NRC grant, to what extent has your institution been able to address future workforce needs?

- To a great extent
- Somewhat
- Very little
- Not at all
- Don't know

Please describe

Last Section

The last section of this survey provides more focused questions depending on the type of NRC grant you have received. Please select the type of grant that you have received. If you have received more than one type of NRC grant, you will have an opportunity to complete another section of the survey after you complete your first selection.

***37. Please select the type of grant that you have received. If you have received more than one type of NRC grant, you will have an opportunity to complete another section of the survey after you complete your first selection.**

- Curriculum Development
- Faculty Development
- Scholarship/Fellowship – (Four-year College or University)
- Scholarship – (Trade School/Community College)

Curriculum Development

NRC Evaluation Survey for Program Grantees

38. Please indicate how your curriculum development grant funds were used. Select all that apply.

- To develop one or more new course curriculum for a topic not previously available at my institution.
- To enhance an existing course already offered through my institution.
- To create a new distance learning (online) course.
- To enhance an existing distance learning (online) course.
- To purchase equipment for use in an existing course
- To purchase equipment for an existing laboratory course
- To develop a new lab course
- To develop a new module for an existing course

Other (please specify)

39. How many new courses were developed or enhanced using the NRC curriculum development funding you received?

- 1
- 2
- 3
- 4
- 5
- 6
- 7
- 8
- 9
- 10+

NRC Evaluation Survey for Program Grantees

40. Please identify the titles of courses created or modified with the NRC funding.

Course 1	
Course 2	
Course 3	
Course 4	
Course 5	
Course 6	
Course 7	
Course 8	
Course 9	
Course 10	

41. Has all funding from your NRC grant been expended?

- Yes
- No, I have less than a year of funding remaining
- No, I have more than a year of funding remaining

42. Is the course curriculum developed with NRC funding still offered?

- Yes
- No

If no, please explain

43. Approximately how many students were enrolled in each course developed using your NRC grant per semester/quarter?

	1-5	6-10	11-15	16-20	21+
Course 1	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Course 2	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Course 3	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Course 4	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Course 5	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Course 6	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Course 7	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Course 8	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Course 9	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Course 10	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

NRC Evaluation Survey for Program Grantees

44. In your opinion, how beneficial is the new curriculum developed using your NRC grant to the students in securing future employment?

	Very beneficial	Somewhat beneficial	Not very beneficial	Not at all beneficial
Course 1	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Course 2	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Course 3	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Course 4	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Course 5	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Course 6	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Course 7	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Course 8	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Course 9	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Course 10	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

45. If you were to leave your current institution, would you utilize the curriculum developed through this grant at your new institution?

- Yes
- No

If no, please explain why:

46. If you were to leave your current institution, would the course(s) continue to be taught at this institution?

- Yes
- No

If no, please explain why:

47. Since the course was first offered, how has enrollment in the course changed?

- Decreased
- Stayed the same (neither decreased or increased)
- Increased by 5-10%
- Increased by 11-24%
- Increased by more than 25%

NRC Evaluation Survey for Program Grantees

48. Regarding the curricula developed with NRC funding, which of the following statements is true. Select all that apply.

- The course(s) is listed in your course catalogue
- The course(s) is required for certain nuclear degree programs offered at this institution

Other (please specify)

49. Approximately what percentage of students enrolled in the course are STEM (i.e., Science, Technology, Engineering, and Math) majors?

- Less than 25%
- 25-50%
- 51-75%
- Over 75%

50. Would you or your institution support or participate in a regional centers of excellence/consortium for curriculum development?

- Currently participate in a regional center of excellence/consortium for curriculum development.
- Yes, would most likely consider
- Yes, but only if incentives were available such as grant funding
- No

Other NRC Grants that are applicable?

***51. Thank you for participating in this evaluation of the NRC Grantee Program. If you have received NRC grant funds for another purpose, please select the most relevant category:**

- Faculty Development
- Scholarship/Fellowship – (Four-Year College or University)
- Scholarship – (Trade School/Community College)
- Complete Survey

Faculty Development

NRC Evaluation Survey for Program Grantees

52. What is the focus of the department to which you belong?

- Nuclear Engineering
- Health Physics
- Radio-Chemistry
- Electrical Engineering
- Environmental Engineering
- Materials Engineering
- Mechanical Engineering

Other (please specify)

53. How many faculty were supported by the NRC funding?

- 1
- 2
- 3
- 4
- 5

Other (please specify)

NRC Evaluation Survey for Program Grantees

54. In what manner was the grant applied? Select all that apply.

- Development of research proposal
- To initiate or continue research
- Course development
- To purchase equipment
- Participation in professional society meetings
- Preparation of research papers
- Travel
- To hire new faculty
- To support existing faculty
- To hire graduate research assistants
- To hire teaching assistants
- Salary or recruitment incentive

Other (please specify)

*55. If your faculty development grant was applied toward research, have you been able to secure additional funding for that research?

- Yes
- No

Faculty Development

NRC Evaluation Survey for Program Grantees

56. How much funding have you been able to secure?

- Less than \$500,000
- \$500,000–\$749,999
- \$750,000–\$999,999
- \$1,000,000–\$1,499,999
- \$1,500,000–\$1,999,999
- \$2,000,000–\$2,999,999
- \$3,000,000–\$3,999,999
- \$4,000,000–\$4,999,999
- \$5 million or more

57. From what sources have you received this funding?

- Department of Energy (DOE)
- Department of Labor (DOL)
- National Nuclear Security Administration (NNSA)
- National Science Foundation (NSF)
- Foundation grant program
- Private sector/Industry grant programs
- State government grant programs

Other (please specify)

Faculty Development

*58. If the grant you received supported research, have you published any of the research in a peer-reviewed scientific journal?

- Yes
- No

Briefly explain your response:

Faculty Development

NRC Evaluation Survey for Program Grantees

59. If you have published your research, how many publications has this research contributed to?

- 1 article
- 2-3 articles
- 4-5 articles
- 5-6 articles
- 7-10 articles
- 11-20 articles

Other (please specify)

Faculty Development

60. If the grant was applied towards attendance at professional society meetings, which organization meetings were attended? Select all that apply.

- American Nuclear Society
- American Society of Mechanical Engineers/ American Society for Engineering Education
- Electric Power Research Institute
- Health Physics Society
- North American Young Generation in Nuclear
- Women in Nuclear

Other (please specify)

61. How many faculty supported by the NRC grant(s) attained tenure at your institution?

- 1
- 2
- 3
- 4
- 5
- 6+
- Don't know

Other NRC Grants that are applicable?

NRC Evaluation Survey for Program Grantees

Other NRC Grants that are applicable?

***62. Thank you for participating in this evaluation of the NRC Grantee Program. If you have received NRC grant funds for another purpose, please select the most relevant category:**

- Curriculum Development
- Scholarship/Fellowship – (Four-Year College or University)
- Scholarship – (Trade School/Community College)
- Complete Survey

Scholarship/Fellowship – (Four-Year College or University)

***63. Was the grant you/your organization received applied toward scholarships (undergraduate) or fellowships (graduate)?**

- Scholarship (4-year college or university)
- Fellowship (graduate program)
- Both scholarships and fellowships

Scholarship – (Four-Year College or University)

64. Approximately how many students were/are sponsored by NRC scholarships each year at your institution?

- 1-2
- 3-4
- 5-6
- 7-8
- 9-10
- 11+

65. Are students granted scholarships for more than 1 semester?

- Yes, for 1 year
- Yes, sometimes for more than 1 year
- No

NRC Evaluation Survey for Program Grantees

66. What percentage of students sponsored by an NRC scholarship graduate with a nuclear-related degree?

- <10%
- 10-25%
- 26-50%
- 51-75%
- 76% or over

67. What percentage of students, sponsored by NRC scholarships go on to enter a graduate program in a nuclear-related field?

- <10%
- 10-25%
- 26-50%
- 51-75%
- 76% or over

68. On average, how long does it take a student who received NRC scholarship funding graduating with a nuclear-related degree to find employment in the nuclear industry?

- Prior to graduation
- 0-3 months
- 3-6 months
- 6-12 months
- Greater than 12 months

69. What were the majors of students receiving scholarships through the NRC grant program at your institution? Select all that apply.

- Nuclear Engineering
- Health Physics
- Radio-Chemistry
- Electrical Engineering
- Mechanical Engineering
- Environmental Engineering

Other (please specify)

NRC Evaluation Survey for Program Grantees

70. What factors are used to select students to receive a scholarship/fellowship? Select all that apply.

Academic standing

Financial need

Minority status

Other (please specify)

71. Please describe your institution's recruitment process for NRC scholarships.

72. Has your institution's recruitment efforts increased or decreased in the past five years?

Increased

Decreased

Please describe:

Fellowship?

***73. Did your institution also receive NRC funding for fellowships?**

Yes

No

Fellowship

NRC Evaluation Survey for Program Grantees

74. Approximately how many students were/are sponsored by NRC fellowships each year at your institution?

- 1-2
- 3-4
- 5-6
- 7-8
- 9-10
- 11+

75. Are students granted fellowships for more than 1 semester?

- Yes, for 1 year
- Yes, sometimes for more than 1 year
- No

76. What percentage of students sponsored by an NRC fellowship graduate with an advanced degree in a nuclear education field?

- <10%
- 10-25%
- 26-50%
- 51-75%
- 76% or over

77. What were the majors of students receiving fellowships through the NRC grant program at your institution? Select all that apply.

- Nuclear Engineering
- Health Physics
- Radio-Chemistry
- Electrical Engineering
- Mechanical Engineering
- Environmental Engineering

Other (please specify)

NRC Evaluation Survey for Program Grantees

78. On average, how long does it take a student who received NRC fellowship funding graduating with a nuclear-related advanced degree to find employment in the nuclear industry?

- Prior to graduation
- 0-3 months
- 3-6 months
- 6-12 months
- Greater than 12 months

79. What factors are used to select students to receive a scholarship/fellowship? Select all that apply.

- Academic standing
- Financial need
- Minority status

Other (please specify)

80. What percentage of your graduate-level students complete a Master's-level degree?

- <10%
- 10-25%
- 26-50%
- 51-75%
- 76% or over

81. What percentage of your graduate-level students complete a Doctoral-level degree?

- <10%
- 10-25%
- 26-50%
- 51-75%
- 76% or over

NRC Evaluation Survey for Program Grantees

82. Has your institution's enrollment in graduate level programs in the nuclear fields increased or decreased in the past five years?

- Increased
- Decreased

Please describe:

Other NRC Grants that are applicable?

84. Approximately how many students are sponsored by NRC scholarships each year?

- 1-5
- 6-20
- 21-40
- 41+

85. Are students granted scholarships for more than 1 semester?

- Yes
- No
- Sometimes

If sometimes, please elaborate:

NRC Evaluation Survey for Program Grantees

86. What specialties are NRC-sponsored students at your institution typically enrolled in? Select all that apply.

- Welding
- Non-Licensed Operator
- Radiation Protection Technician
- Health Physics
- Maintenance Technician
- Reactor Operator

Other (please specify)

87. What factors are used to select students to receive a scholarship/fellowship? Select all that apply.

- Academic standing
- Financial need
- Minority status

Other (please specify)

88. What percentage of students, sponsored by an NRC scholarship, graduate with an associate degree or certificate?

- <10%
- 10-25%
- 26-50%
- 51-75%
- 76% or over

89. How long does it take a student who received NRC trade/community college funding graduating with a nuclear-related certificate to find employment in the nuclear industry?

- Prior to graduation
- 0-3 months
- 3-6 months
- 6-12 months
- Greater than 12 months

NRC Evaluation Survey for Program Grantees

90. What percentage of students, sponsored by an NRC scholarship, go on to pursue a higher-level degree in a STEM program (e.g., go on to an undergraduate-level program)?

- <10%
- 10-25%
- 26-50%
- 51-75%
- 76% or over
