Cc: Rachel Burns - Primary Contact
Courtney Armstrong - Study Team
Courtney Gidengil - Study Team
ID: [2014-0059](#)
Title: Updating and Expanding the AHRQ QI Toolkit for Hospitals
Description: The above study is exempt from further HSPC review. This does ***not*** mean the research is exempt from meeting ethical requirements; rather it means the investigators are on their own recognizance to assure that basic ethical principles are met (for clarity on these principles, see <http://www.hhs.gov/ohrp/humansubjects/guidance/belmont.htm>). If there is another organization also "engaged" in the research, that organization may do its own review and may not exempt the study. Please contact the HSPC immediately if the research changes in any ways that may affect human subjects involvement.

Action Required: No action is required of you at this time. If you wish to view the status of your application, please login to RHINO, then click on the study ID above to navigate to the project workspace.

Date of Determination: 2/20/2014

CURRENT STUDY REVIEW STATUS

Project Number: HQ365
Funding Source: Agency for Healthcare Research and Quality

Assurance number: FWA00003425

IRB number: IRB00000051

Administrator: Jim Tebow

The HSPC is RAND's Institutional Review Board to review research involving human subjects, as required by federal regulations. RAND's "Federalwide Assurance for the Protection of Human Subjects" (FWA00003425, effective through July 1, 2018, at <http://intranet.rand.org/groups/hspc/fwa.pdf>) serves as our assurance of compliance with the regulations of 16 federal departments and agencies. According to this assurance, the Committee is responsible for review regardless of source of funding.
