MASTER LIST OF TOPICS FOR STAFF INTERVIEWS

PREP IN-DEPTH IMPLEMENTATION STUDY MASTER LIST OF TOPICS FOR STAFF INTERVIEWS

The PREP In-Depth Implementation Study will include two site visits where we interview: (1) state staff, (2) subawardee staff,¹ (3) partners and stakeholders, and (4) program facilitators and front-line staff. Interviews will be conducted either one-on-one or in small groups, depending on staffing structure, roles, and the number of individuals in a role.

Below is a list of topics we will cover. The list of topics is divided into seven sub-topics. The first five subtopics focus on implementation inputs; the last two subtopics focus on implementation outputs. The topics that we expect to address only in the first visit are followed by an asterisk (*); topics that we expect to address only in the second visit are followed by a plus sign (+). We will address all other topics during the first visit and update them during the second visit.

Introductory Script

Thank you for agreeing to meet with us. As you know, we are from Mathematica Policy Research. We are part of an independent research team, funded by the U.S. Department of Health and Human Services' Administration for Children and Families (ACF), to study the Personal Responsibility Education Program, also known as PREP. Your organization was selected for the study because it receives funding from the PREP program to administer [NAME OF PROGRAM], through a grant received by [NAME OF STATE DEPT ADMINISTERING PREP FUNDS] from the Administration for Children and Families.

The purpose of our discussion today is to learn more about your experiences working with [NAME OF PROGRAM]. Your point of view as a [EXECUTIVE DIRECTOR/DIRECTOR/ SUPERVISOR/KEY STAFF] is extremely valuable. The interview should last about 60 minutes.

The notes from this discussion will not be shared with anyone beyond the research team. Your responses will be kept private and used only for research purposes. Information from this conversation will be combined with information from other discussions with similar individuals to help provide a general portrait of your PREP-funded program.

Information based on these discussions will be reported in aggregate to help document how your PREP-funded program is designed and implemented; to understand the context in which key teen pregnancy prevention and adulthood preparation outcomes are supported through your program; and

¹ Subawardee refers to organizations receiving state PREP grants to implement a PREP program locally.

to explore associations between the implementation of your program and program outcomes and impacts.

Please keep in mind:

- There are no right or wrong answers to these questions. Our questions are designed to collect information about and gain an understanding of your organization, [NAME OF PREP PROGRAM], and PREP.
- Your participation in this conversation is completely voluntary.
- You do not need to answer any questions you do not wish to answer during our discussion today.
