# Help America Vote Act (HAVA) OMB No. 0985-XXXX Exp. Date XX/XX/20XX VOTING ACCESS STATES & UNITS OF LOCAL GOVERNMENT FY2014 NARRATIVE REPORT FORMAT & GUIDELINES

NARRATIVE REPORT for funds used under the Help America Vote Act, P.L. 107-252, Title II, Subtitle D, Section 261, Payments to States and Units of Local Government to assure access for individuals with disabilities (42 U.S.C. 15421).

The requirements set forth under the Help America Vote Act, P.L. 107-252, Title II, Subtitle D, Section 261, Payments to States and Units of Local Government to assure access for individuals with disabilities (42 U.S.C. 15421).

The narrative report should be written as a detailed summary of the HAVA activities, barriers, best practices, collaborations and funds spent to carry out the activities during the reported fiscal year. The emphasis of the narrative report is to address the states' progress as it relates to the activities completed in FY2014 in response to the Help America Vote Act program instruction. The narrative report should also identify the funds used to implement the four mandated areas of activities authorized under 42 U.S.C. 15421 of the Help America Vote Act. The four mandated areas are:

- I. To make polling places accessible to individuals with disabilities;
- II. To provide the same opportunity for access and participation in the electoral process, including privacy and independence, to voters with disabilities as that which exists for voters with no disabilities;
- III. To provide training for election officials, poll workers, and election volunteers on how best to promote access and participation of individuals with disabilities in elections for Federal office; and
- IV. To provide information to individuals with disabilities with information about the accessibility of polling places.

The narrative report should review the states' plan to address the four mandated areas and describe how the plans were carried out for each area. It is highly recommended that the following questions and statements be considered when summarizing the status of the four mandated areas:

- What activities completed in Fiscal Year 2014?
- Describe any activities carried out to completion that displayed innovation and can be shared with other states as "best practices".

- What activity, if any, performed in FY2014 not carried out to completion? What were the barriers or the reasons hindering completion of the activity?
- Describe any significant barriers and/or roadblocks to carrying out proposed activities and suggested solutions.
- Describe activities which involved collaboration with other organizations or groups, for example the Protection & Advocacy System within the state, disability advocacy groups, student groups, etc.
- Describe the total amount of money spent to carry out the activities for each mandated area i.e. activity and amount spent on the activity
- If applicable, describe the continuity of activities. Have your organization's activities been able to build upon earlier "start up" activities in an effective manner?
- Describe the feedback received from the citizens regarding the improvements and/or changes of voter accessibility issues within your state (if such information is available).
- Synopsis of funding carried over from previous fiscal years, i.e. FY 2009, FY2010 or FY2011 with an explanation of your spending trend.
