

Proposed Authorization

The Service proposes to issue BlueCrest Energy, Inc., Apache Alaska Corporation, and SAExploration, Inc., LLC, individual IHAs for the nonlethal, incidental, unintentional take by Level B harassment of small numbers of northern sea otters (*Enhydra lutris kenyoni*) in the Southcentral Alaska stock during industry exploration activities in the lower Cook Inlet of Alaska, as described in this document and in their individual applications. We neither anticipate nor propose authorization for take by injury or death. The final IHAs would be effective for 1 year after the date of issuance. Authorization for incidental take beyond the period specified in the final IHA will require application for a new IHA.

The final IHA for each applicant will also incorporate the mitigation, monitoring, and reporting requirements described in this proposal. The applicants will be expected and required to implement and fully comply with those requirements. These IHAs will not authorize the intentional take of northern sea otters, nor take by injury or death.

If the nature or level of activity changes or exceeds that described in this proposal and in the individual applications for IHAs, or the nature or level of take exceeds that projected in this proposal, the Service will reevaluate its findings. The Secretary may modify, suspend, or revoke these authorizations if the findings are not accurate or the mitigation, monitoring, and reporting requirements described herein are not being met.

Request for Public Comments

The Service requests interested persons to submit comments and information concerning these proposed IHAs. Consistent with section 101(a)(5)(D)(iii) of the MMPA, we are opening the comment period on this proposed authorization for 30 days (see **DATES**).

Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

SUPPLEMENTARY INFORMATION:

I. Abstract

The Assistant Secretary—Indian Affairs held listening sessions in July and August 2013 and consultation sessions in July and August 2014 to receive feedback on ways to improve the Department's process for acknowledging an Indian tribe, as set forth in 25 CFR 83. The Assistant Secretary is currently in the process of revising the process for acknowledging an Indian tribe; however, this request for extension for this information collection request does not include the suggestions and feedback from the listening sessions and consultations. To not stall or delay

potential petitioners that may want to submit this information, the Assistant Secretary—Indian Affairs is requesting an extension of the approval for the information collection conducted under 25 CFR 83.

The information collection is conducted under 25 CFR 83, to establish whether a petitioning group has the characteristics necessary to be acknowledged as having a government-to-government relationship with the United States. Federal recognition makes the group eligible for benefits from the Federal Government. Approval for this collection expires August 31, 2014. Three forms are used as part of this information collection.

II. Request for Comments

The Assistant Secretary—Indian Affairs requests your comments on this collection concerning: (a) The necessity of this information collection for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) The accuracy of the agency's estimate of the burden (hours and cost) of the collection of information, including the validity of the methodology and assumptions used; (c) Ways we could enhance the quality, utility, and clarity of the information to be collected; and (d) Ways we could minimize the burden of the collection of the information on the respondents.

Please note that an agency may not conduct or sponsor, and an individual need not respond to, a collection of information unless it has a valid OMB Control Number.

It is our policy to make all comments available to the public for review at the location listed in the **ADDRESSES** section. Before including your address, phone number, email address or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

III. Data

OMB Control Number: 1076–0104.
Title: Documented Petitions for Federal Acknowledgment as an Indian Tribe, 25 CFR 83.

Brief Description of Collection: Submission of this information allows Office of Federal Acknowledgment (OFA) to review applications for the Federal acknowledgment of a group as an Indian tribe. The acknowledgment

regulations at 25 CFR 83 contain seven criteria that unrecognized groups seeking Federal acknowledgment as Indian tribes must demonstrate that they meet. Information collected from petitioning groups under these regulations provides anthropological, genealogical and historical data used by the Assistant Secretary—Indian Affairs to establish whether a petitioning group has the characteristics necessary to be acknowledged as having a government-to-government relationship with the United States. Respondents are not required to retain copies of the information submitted to OFA but will probably maintain copies for their own use; therefore, there is no recordkeeping requirement included in this information collection.

Type of Review: Extension without change of currently approved collection.

Respondents: Groups petitioning for Federal acknowledgment as Indian tribes.

Number of Respondents: 10 per year, on average.

Number of Responses: 10 per year, on average.

Frequency of Response: Once.

Estimated Time per Response: 2,075 hours.

Estimated Total Annual Hour Burden: 20,750 hours.

Dated: August 26, 2014.

Philip Brinkley,

Assistant Director for Information Resources.
