In 2014, the Department of Justice, Bureau of Justice Statistics (BJS) will conduct the **2014 National Survey of Prosecutors (NSP-14)**. The NSP-14 is the only national effort to collect data on the resources, policies, and practices of local prosecutors' offices. NORC at the University of Chicago is carrying out the NSP-14 data collection for BJS.

Your office has been selected to participate in a field test of the NSP-14 survey instrument. This is a unique opportunity for your office to contribute to the national data collection effort. Please fully complete the enclosed survey instrument and provide any comments, suggestions or feedback in the Field Test Comments and Recommendations section. By participating in the field test, we will not contact your office for participation in 2014.

We ask that you complete and return this survey within the next **two weeks** so that we may analyze the results and incorporate any changes. For your convenience, you can respond to the NSP-14 field test in one of several ways:

If by fax: Fax each page toll free to NORC at 312-759-4004 to the attention of **David Herda**.

If by e-mail: Attach a scanned copy of your completed survey and send to it to herda-david@norc.org

If by mail: Complete and return the enclosed questionnaire in the postage-paid envelope. Please retain a copy of your completed reply for your records.

We thank you in advance for your participation in this important field test. If you have any questions, please send an e-mail to NORC at herda-david@norc.org or call me directly at 312-759-5086.

Sincerely,

David Herda
