Thank you for asking, Nancy. The submission to OMB is an application to extend approval for the existing form HUD-9834. There have been no changes or modifications to the form with this submission.

If I can be of further help, feel free to contact me at any time.

Subject: Docket No. FR-5752-N-114- 30-Day Notice of Proposed Information

Ms. Pollard,

Does this submission to OMB include changes to form HUD-9834, or is it simply an application to extend the current OMB expiration date past 2/28/2015? If there have been modifications made to the form, where would I get a copy to review for comment?

Thank you,

Nancy McIlhaney
