Generating Directory Reports of WIC Local Agencies/Clinics

Use the **Report** button on the WIC Local Agency/Clinic Management page to create a Microsoft Excel report listing the contact information for those local agencies and clinics that meet your entered search criteria.

To search for and generate a directory report for local agencies and clinics, you must have access to the FNS-648 form. The specific directory information contained in your reports will depend on your location and the program/form combinations to which you have access.

Note: The **Report** function returns a directory report listing both local agencies and clinics together. To generate a list of either local agencies only or clinics only for a given **Location** and/or **Parent Id**, use the **Search** function described in Searching for WIC Local Agencies/Clinics.

This topic contains the following subtopics:

- Report Generating Tips

How to Generate Directory Reports of WIC Local Agencies or Clinics

To generate directory reports listing the contact information for WIC local agencies and clinics, use the following steps:

1. Open the WIC Local Agency/Clinic Management page using the instructions in Working with

1. Open the WIC Local Agency/Clinic Management page using the instructions in Working with WIC Local Agencies/Clinics.

    By default, the WIC Local Agency/Clinic Management page automatically displays all possible search results to which you have access in the Search Results tab the first time that the page opens within a given FPRS session.

    If you perform any new searches on the WIC Local Agency/Clinic Management page, the results of your latest search remain listed in the **Search Results** tab until you **Clear** them.

2. Select your report list criteria using one or more of the following fields and check box:

    - **Location** (drop-down list): the location level of the local agency/clinic. Select one of the following three options:

        o **US level**

        o **Region level**: selecting this option displays the **Region** drop-down list, from which you can select an FNS region.

        o **State level**: selecting this option displays the **State** drop-down list from which you can select a United States state or territory.

    - **Parent Id** (drop-down list): the numeric identifier of the parent organization of the local agency/clinic and the parent organization name.

    - **Is Active** (check box): if selected, limits the search to only those local agencies/clinics that are active.

Local Agency and Clinic Directory Report

OR

Click **Save** to save a copy of the report on either a local or network drive.

Result: The Microsoft Windows Save As dialog box opens.

OR

Click **Clear** to reset the drop-down list fields and the check box to their default selections.

4. To perform another search, close the Excel window (if open), and repeat Steps 2 and 3 of this procedure.

Report Generating Tips

- Selecting a **Type** of either **Local Agency** or **Clinic** does not affect the report; the report will always list both local agencies AND clinics.

OR

Click **Clear** to reset the drop-down list fields and the check box to their default selections.

4. To perform another search, close the Excel window (if open), and repeat Steps 2 and 3 of this procedure.

Report Generating Tips

- Selecting a **Type** of either **Local Agency** or **Clinic** does not affect the report; the report will always list both local agencies AND clinics.

- The more specific your criteria, the fewer results your report will list.

- Clicking **Search** with the following criteria selected generates a report listing all possible local agency and clinic results:

    o A **Location** of **US level**

    o A **Parent Id** of **All**

    o The **Active** check box cleared (not selected)

Searching for WIC Local Agencies/Clinics

Use the **Search** button on the WIC Local Agency/Clinic Management page to return a list of those agencies and clinics that meet your selected search criteria.

To search for local agencies or clinics, you must have access to the FNS-648 form. The results your search returns will depend on your location and the program/form combinations to which you have access.

Note: The **Search** function allows you to search for either local agencies or clinics, but not both at the same time. To generate a report listing both the WIC local agencies and clinics r a given **Location** and/or **Parent Id**, use the **Report** function described in Generating Reports of WIC Local Agencies/Clinics.

This topic contains the following subtopics:

- Local Agency/Clinic Management Search Tips

How to Search for WIC Local Agencies or Clinics

To search for WIC local agencies or clinics, use the following steps:

1. Open the WIC Local Agency/Clinic Management page using the instructions in Working with WIC Local Agencies/Clinics.

By default, the WIC Local Agency/Clinic Management page automatically displays all possible search results to which you have access in the Search Results tab the first time that the page opens within a given FPRS session.

If you perform any new searches on the WIC Local Agency/Clinic Management page, the results of your latest search remain listed in the **Search Results** tab until you **Clear** them.

2. Select your search criteria using one or more of the following fields and check box:

- **Type** drop-down list: the WIC entity type, either **Local Agency** or **Clinic**.

- **Location** drop-down list: the location level of the local agency or clinic. Select one of the following three options:

  o **US level**

  o **Region level**: selecting this option displays the **Region** drop-down list, from which you can select an FNS region.

  o **State level**: selecting this option displays the **State** drop-down list from which you can select a United States state or territory.

- **Parent Id** drop-down list: the numeric identifier of the parent organization of the local agency or clinic and the parent organization name.

- **Is Active** (check box): if selected, limits the search to only those local agencies or clinics that are active.

3. Click **Search** to perform the local agency or clinic search based on the selected criteria.

Result: FPRS returns the list of agencies matching the submitted search criteria in the Search Results tab, and displays the number of records found by the search to the right of the **Clear** button.

OR

Click **Clear** to reset the drop-down list fields and the check box to their default selections, and to remove all search results from the **Search Results** tab (if applicable).

Page: 1 2 3 4 5 6 7 8 9 10 ....

Results List in the Search Results Tab

The Search Results list displays the following:

- **Id** (column heading): the unique numeric identifier of the local agency or clinic.

- **Name** (column heading): the local agency or clinic name.

- **Address** (column heading): the street address of the local agency or clinic.

- **City** (column heading): the city of the local agency or clinic.

- **State** (column heading): the United States state or territory to which the local agency or clinic belongs.

- **Start**: the date on which the local agency or clinic became active, in YYYYMM format, where Y = a digit of the four-digit year and M = a digit of the two-digit month.

- **End**: the date on which the local agency or clinic became inactive, in YYYYMM format, where Y = a digit of the four-digit year and M = a digit of the two-digit month.

  Note: An **End** date value of "999999" indicates that there is no set end date; that is, the item is active indefinitely.

- **UpdateDate**: the date and time on which the local agency's or clinic's active/inactive status was last modified.

- **UpdateBy**: the user ID of the person or process who last modified the local agency's or clinic's active/inactive status.

- [View] (link): click to open the **FNS-648** tab with the **Action Type** of **View**; from this tab you can view the existing information for a local agency or clinic.

- [Modify] (link): click to open the **FNS-648** tab with the **Action Type** of **Modification**; from this tab you can modify the existing information for a local agency or clinic.

- [Deactivate] (link): click to change the selected active local agency or clinic's status to inactive.

  OR

- [Reactivate] (link): click to change the selected inactive local agency or clinic's status to active.

  Note: The [View] link is only available to users with view rights to the FNS-648. Users with entry, certify, or post rights have access to the [Modify], [Deactivate] or [Reactivate] links. Users with view rights do not have access to the [Modify], [Deactivate] or [Reactivate] links.

Local Agency/Clinic Management Search Tips

- The more specific your criteria, the fewer results your search will return.

- Clicking **Search** with the following criteria selected returns all possible local agency or clinic results, depending on the **Type** selected:

  o A **Location** of **US level**

  o A **Parent Id** of **All**

  o The **Is Active** check box cleared (not selected)

Local Agency/Clinic Management Search Fields and Buttons

- **Report** (button): click to generate a directory report listing all of the contact information for those local agencies and clinics meeting the selected criteria in the **Location** and **Parent Id** drop-down list fields. For more information on generating reports, refer to Generating Directory Reports of WIC Local Agencies/Clinics.

- **Add New** (button): click to open the **FNS-648** tab with the **Action Type** of **Addition**; from this tab you can create and save a new local agency or clinic.

Note: The **Add New** (button) is only available to users with entry, certify, or post rights to the FNS-648.
