

US FISHERY PRODUCTS PROCESSORS SUPPLEMENTAL ECONOMIC SURVEY

All answers are strictly confidential. Please report data for calendar year 2014, if available.

Survey Objective: This survey by NOAA Fisheries collects data on U.S. firms that process fishery products in order to better understand the potential economic impacts of commercial fisheries management actions.

Please see the cover letter accompanying this survey for more details on its purpose, and how the data you provide will be used. Participation in this survey is completely voluntary.

Company PHONE	Company FAX	2014 EMPLOYMENT DATA	
_____ MAIL ADDRESS _____ _____ PLANT ADDRESS _____		Total Number of Employees	Total Hours Worked
		Production Workers	
		Non-Production Workers (including clerical, sales, advertising, credit, collection, installation, cafeteria, guard services, legal, and finance.)	

FISHERY PRODUCT COST QUESTIONS

In the table below, provide the weight and cost of fished received in 2014. Please note that there are separate columns for fish that were paid for and fish that were not paid for (e.g., transferred from another facility).

- Do not include fish received for custom processing
- Include fish purchased by you that custom process by *another* processor outside of this facility
- Include any post-season adjustments
- Gross Cost of Fish Paid for includes the value of any taxes paid on behalf of delivering vessels

Paperwork Reduction Act Statement: Public reporting burden for this collection of information is estimated to average 30 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding the regarding this burden estimate or any other suggestions for reducing this burden to: Ayeisha Brinson, NOAA Fisheries Service, F/ST5, 1315 East-West Hwy., Silver Spring, MD 20910. This is a voluntary survey and responses are kept confidential as required by section 402(b) of the Magnuson-Stevens Act and NOAA Administrative Order 216-100, Confidentiality of Fisheries Statistics, and will not be released for public use except in aggregate statistical form without identification as to its source. Notwithstanding any other provisions of the law, no person is required to respond to, nor shall any person be subject to a penalty for failure to comply with, a collection of information subject to the requirements of the Paperwork Reduction Act, unless that collection of information displays a currently valid OMB Control Number.
