The DPRP Organization Verification screenshot

The screenshot shows a web browser window displaying the CDC website. The address bar shows the URL <http://nccdev.cdc.gov>. The page title is "CDC - Submitting Evaluati...". The browser menu includes File, Edit, View, Favorites, Tools, and Help. The page content includes the CDC logo, navigation links, and a search bar. The main content area is titled "Diabetes Public Health Resource" and contains a sidebar with navigation links, a main section for "Submitting Evaluation Data", and a "Diabetes Prevention Recognition Program (DPRP) Evaluation Data Submission" form. The form is divided into two sections: "EVALUATION DATA SUBMISSION" and "VERIFICATION".

Submitting Evaluation Data

If you represent a diabetes prevention program recognized by the Centers for Disease Control and Prevention's (CDC) Diabetes Prevention Recognition Program (DPRP), you will submit your evaluation data using the form on this page.

Before you submit evaluation data, you should read the CDC *Diabetes Prevention Recognition Program: Standards and Operating Procedures* [PDF-498KB]. This document spells out the data elements that you must transmit to CDC's DPRP. You must transmit your data in a single data file using the comma separated value (CSV) format.

To submit your data, enter your DPRP organization code and your program contact person's e-mail address in the form below. The DPRP organization code is the unique code assigned to your organization by the DPRP. You can find this code in the e-mail you received when DPRP awarded pending recognition status to your program. The contact person's e-mail address should be the same address that is currently on file with the DPRP (if your contact information has changed, please contact the DPRP to update before sending data). After you submit this information you will be taken to a page where you can upload your data file.

If you have any questions about submitting your evaluation data, or have any problems using the form, please contact us at DPRPASK@cdc.gov. Please include the subject line, "Diabetes Prevention Program Data Submission" and the DPRP organization code. Your query will be processed within 10 business days of receipt.

The Data File submission Page UI screenshot

The screenshot shows a web browser window displaying the CDC website. The address bar shows the URL <http://nccdqa.cdc.gov>. The page title is "Submitting Evaluation Data" under the "Diabetes Public Health Resource" section. The main content area is titled "Diabetes Prevention Recognition Program (DPRP) Upload File". It includes a list of instructions for uploading an evaluation data file:

- Only one file can be uploaded.
- Allowed file types: csv.
- Maximum length of file name: 200 characters.
- Maximum file size: 10MB (10,240 KB).

Below the instructions is a file selection area with a button labeled "Browse" and a text box containing "[no files selected]". At the bottom of the page is a large button labeled "Submit Evaluation Data".

The left sidebar contains a "National Diabetes Prevention Program" menu with items such as "About the Program", "Prediabetes: Am I at Risk?", "Diabetes Training and Technical Assistance Center", "About CDC Funded Sites", "Diabetes Prevention Recognition Program", "Read About the DPRP", "Read the Standards for Recognition", "Get the Curriculum", "Apply for Recognition", "Upload Your Data", "Find Answers to Frequently Asked Questions", and "Find a Program".

The right sidebar contains a "Text size" selector (S, M, L, XL), a "Contact Us" section with links for "CDC-Info", "Mail", "800-CDC-INFO (800-232-4636)", "TTY: (888) 232-6348", and "Contact CDC-INFO", and a "CDC 24/7" logo with the tagline "Saving Lives. Protecting People." and the text "LEARN MORE ABOUT HOW CDC WORKS FOR YOU."
