

Biospecimen and Cancer Count Information Spreadsheet

OMB No.: 0925-XXXX
Expiration Date: xx/xx/20xx

Collection of this information is authorized by The Public Health Service Act, Section 411 (42 USC 285a). Rights of study participants are protected by The Privacy Act of 1974. Participation is voluntary, and there are no penalties for not participating or withdrawing from the study at any time. Refusal to participate will not affect your benefits in any way. The information collected in this study will be kept private to the extent provided by law. Names and other identifiers will not appear in any report of the study. Information provided will be combined for all study participants and reported as summaries. You are being contacted by email to complete this instrument so that we can develop a database and keep the website up to date.

Public reporting burden for this collection of information is estimated to average 60 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. **An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.** Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden to: NIH, Project Clearance Branch, 6705 Rockledge Drive, MSC 7974, Bethesda, MD

Instructions: Please complete the table on the next page as specified below:

In row 1, provide your cohort name.

In row 2, specify if the Cancers are incident or prevalent cancers. If you want to provide us with both incident and prevalent cancers, please complete two Biospecimen and Cancer Count Information Spreadsheet and specify the cancer type at the top.

In row 3, please provide any notes that would help clarify the information you are providing in the 'Notes' section.

In Row 4, enter the number of males and females, and blood, tumor tissue and other specimens in your current biospecimen inventory that do not have cancer.

In Rows 5-28, enter the number of males and females, and blood, buccal, feces, lymphocytes, tumor tissue, sputum, urine, and other specimens in your current biospecimen inventory by the cancer type listed .

In 'Other specimens' please enter the name and count of all specimens other than the ones specified.

If you do not have exact counts, please enter approximate counts.

If it is easier, you can send us this information in the format below in another file type such as .txt, .csv, .sas, or another similar data file. Contact us if you have questions about the type of other data files we will accept.

Questions? Please contact CEDCD Helpdesk at Westat (CEDCDHelpdesk@westat.com or 240-314-5860).

Biospecimen and Cancer Count Information Spreadsheet
