Common Performance Metrics

Docket No. AD14-15-000

REQUEST FOR INFORMATION ON COMMON PERFORMANCE METRICS FOR
RTOs AND ISOs AND UTILITIES OUTSIDE RTO AND ISO REGIONS

("Double Click for Calendar or Enter Date")

On August 26, 2014, Commission Staff issued a "Common Metrics Report," establishing 30 common metrics for independent system operators (ISOs), regional transmission organizations (RTOs), and utilities in non-ISO/RTO regions. In that report, Commission Staff indicated that upon approval by the Office of Management and Budget (OMB) for additional data collection, the Commission will issue a notice requesting that the ISOs, RTOs, and participating utilities in non-ISO/RTO regions provide performance information on the common metrics on a schedule to be specified in the notice.¹

Consistent with the OMB-approved data collection and past practice regarding this effort, ISOs, RTOs, and utilities in non-ISO/RTO regions are encouraged to submit information responsive to the 30 common metrics listed in the August 2014 report. Information submitted should cover the 2010-2014 period, and should be submitted by October 30, 2015. Commission staff plans to contact representatives of the ISOs, RTOs, and utilities in non-ISO/RTO regions that have previously participated in this effort.
