

Request for Approval under the “Generic Clearance for the Collection of Routine Customer Feedback” (OMB Control Number: 3095-0070)

TITLE OF INFORMATION COLLECTION: Master Survey for National Outreach Program Initiative for developing site specific feedback on public outreach customer satisfaction.

PURPOSE: The master survey provides a standard buffet of questions upon which staff can create customized surveys to receive feedback from those members of the public who visit our exhibits, participate in our education programs, and attend our public programs. The public outreach lines of business for the Legislative Archives, Presidential Libraries and Museum Services, currently uses an ad hoc approach to collecting customer feedback, which is not comparable within the Office. The National Outreach Program Initiative (2.1.3) requires a performance measure that mandates a more integrated survey tool across the HQ museum, all nine field offices, and thirteen Presidential Libraries where public outreach staff prepare exhibits, education programs and public programs. The master survey will employ a user guide with strict instructions on how to create a appropriate survey for local products, services and programs. It will also operate within the broader requirements of survey guidance to ensure compliance with all Agency and Executive Directives.

DESCRIPTION OF RESPONDENTS: The respondents are the members of the public who are over the age of eighteen years old who voluntarily fill out surveys made available to receive feedback on the particular product, service, or program they utilized or interacted with.
