3	3. MAINTENANCE OF LEVEL AND QUALITY OF HEALTH SERVICES	
	Clearly describe in a brief narrative format, the health center's plan for assuring that the deletion of this service site <u>will in no way result in the diminution of the health center's total level or quality of health services currently provided to the patient/target population of the current site. In discussing this plan, provide the following information for each of the locations where patients will receive services following the deletion of the site:</u>	

- Site/Provider Name
- Site/Provider Address
- Provider Type (e.g. existing site of your health center, site of another health center, other safety net provider specify, any other provider type specify, etc.).
- Availability of a sliding fee discount programs and/or other programs at such locations that assure no health center patient will be denied health care services due to an individual's inability to pay for such services.

If the service site to be deleted was added to scope through a HRSA-funded application (e.g. New Access Point or Capital Grant), the health center MUST state this and must specifically address if and how the patient and visit projections included in the approved application for the site, will be maintained.

In addition, respond to ALL of the questions below (3a. – 3f.), which must align with and support this narrative.

Maximum paragraph(s) allowed approximately: 3 (3000 character(s) remaining)

3a Describe if and how deletion of the site will impact access to any health center services (Required or Additional) in the current approved scope of

4. CONTINUITY OF CARE AND COLLABORATION

In 4a and 4b, describe your health center's plans for ensuring continuity of care for current patients affected by the site deletion as well as plans for maintaining existing and/or establishing new collaborative relationships within the service area.

For the purposes of this question:

Collaborative relationships are those that assist in contributing to one or both of the following goals relative to the patients served by the site that will be deleted:

- (1) maximizing access to required and additional services within the scope of the health center project to the target population that is served at the site to be deleted; and/or
- (2) promoting continuity of care to health care services for health center patients served at the site to be deleted beyond the scope of the project.

Collaboration Resources

Additional Considerations for Deleting a Site from Scope

While the following areas are not specific <u>factors or criteria that will impact the CIS approval process, these are key elements that health centers should have considered or actively plan to address prior to deleting a service site from the scope of project.</u>

A. Medical Malpractice Coverage:

For grantees deemed under the Federal Tort Claims Act (FTCA), be aware that FTCA coverage is limited to the performance of medical, surgical, dental, or related functions within the scope of the approved Federal section 330 grant project, which includes sites, services, and other activities or locations, as defined in the covered entity's grant application and any subsequently approved change in scope requests.

Confirm that your health center is aware that if the request to delete this site is approved, FTCA coverage will no longer extend

Yes, health center is aware that removing this site from scope will result in the loss of FTCA coverage for the deleted site. N/A, health center is not deemed or FTCA coverage does not apply. For more information, the FTCA Health Center Policy Manual is available at:http://www.bphc.hrsa.gov/policlesregulations/policles/pni201101.html for specific questions, contact the BPHC HelpLine at: 1-877-974-BPHC (2742) or fmail. bphchepine@nrsa.gov. Available Monday to Friday (excluding Federal holidays), from 8:30 AM - 5:30 PM (ET), with extra hours available during high volume periods. Briefly explain your response: Maximum paragraph(s) allowed approximately: 3 (3000 character(s) remaining) B. Section 340B Drug Pricing Program Participation: Health centers that participate in the 340B Drug Pricing Program are reminded that sites added or deleted from the scope of project through the BPHC change in scope process do not automatically update within the 340B Program's Database. Health centers should contact the HRSA Office of Pharmacy Affairs to determine whether any updates to the 340B Database are necessary by contacting Apexus Answers at 888-340-2787, or Apexus Answers@340bpvp.com. Will your health center complete all necessary 340B Program updates with the HRSA Office of Pharmacy Affairs? N/A, health center does not participate in the 340B program Briefly explain your response: Maximum paragraph(s) allowed approximately: 3 (3000 character(s) remaining)		
For more information, the FTCA Health Center Policy Manual is available at: http://www.bphc.hrsa.gov/policiesregulations/policies/pin201101.html For specific questions, contact the BPHC HelpLine at: 1-877-974-BPHC (2742) or Email: bphchelpline@hrsa.gov. Available Monday to Friday (excluding Federal holidays), from 8:30 AM - 5:30 PM (ET), with extra hours available during high volume periods. C. Reimbursement as a Federally Qualified Health Center (FQHC) under Medicare, Medicaid and CHIP:

Services provided at sites that are included under a health center's HRSA-approved "scope of projects" are generally eligible for reimbursement by Medicaid, Medicare, and CHIP under the FQHC payment systems. When a health center receives HRSA approval to delete a site from its scope of project, it must cease billing for services provided at this site under these FQHC payment systems as of the date that the site was removed from scope. The health center is also responsible for informing Medicare and Medicaid that the site has been removed from scope and is no longer eligible for reimbursement under the FQHC payment systems.

Will your health center stop billing Medicare, Medicaid and CHIP under the FQHC payment system for services provided at this site effective on the date that the site was approved to be removed from your scope of project?

C Yes N/A

Briefly explain your response:

Maximum paragraph(s) allowed approximately: 3 (3000 character(s) remaining)

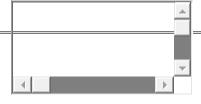

Will your health center contact Medicare and Medicaid to inform them that the site is no longer within your scope of project and therefore no longer eligible for reimbursement under the FQHC reimbursement systems? For Medicare, health centers should contact the enrollment office at their Medicare Administrative Contractor; for Medicaid, health centers should contact the enrollment office at their State Medicaid Agency.

C Yes N/A

Briefly explain your response:

Maximum paragraph(s) allowed approximately: 3 (3000 character(s) remaining)

D. National Health Service Corps Program Participation:

Health centers that participate in the National Health Service Corps (NHSC) are reminded that all NHSC participants must continue to work ONLY at an approved site within the health center's scope of project. In addition, the NHSC must be kept aware of all changes in site addresses and NHSC participant site assignments.

NHSC sites and participants may contact the NHSC through the Customer Service Portal (https://programportal.hrsa.gov/extranet/landing.seam) or through the Customer Care Center by calling 1-800-221-9393.

In deleting this site from your scope of project, has your health center assessed the impact on any NHSC participants that might currently be working at the site and advised them that they will need to seek a site reassignment with the NHSC prior to beginning work at another site in scope?

📮 Ye

N/A, health center does not have any NHSC participants at this site.

Briefly explain your response:

Maximum paragraph(s) allowed approximately: 3 (3000 character(s) remaining)
