CDC Work@Health Trainee KAB Survey

Introduction to CDC Work@Health Trainee KAB Survey

Form Approved
OMB No. XXXX-XXXX
Exp. Date: XX-XX-XXXX

CDC Work@Health™: Trainee KAB Survey

Public reporting of this collection of information is estimated to average 20 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. An agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless it displays a current valid OMB control number. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden to CDC/ATSDR Reports Clearance Officer, 1600 Clifton Road NE, MS D-74, Atlanta, Georgia 30333; ATTN: PRA (XXXX-XXXX).

Introduction

The Centers for Disease Control and Prevention (CDC) has developed Work@Health™, a worksite health/wellness training and technical assistance program for employers. Your worksite has been chosen to participate in Work@Health™. We are excited to welcome you to the Work@Health™ training! As a participant of Work@Health™ we ask that you complete the attached survey so that we can learn more about your involvement with your organization's worksite health programs and your familiarity with worksite health programs. **For the purposes of this survey, worksite health is defined as a coordinated and comprehensive set of health promotion and protection strategies implemented at the worksite, that includes programs, policies, benefits, environmental supports, and links to the surrounding community designed to encourage the health and safety of all employees.**

Informed Consent

Before you get started, we'd like to give you some more information to help you decide whether or not you would like to participate.

- This project is funded by the Centers for Disease Control and Prevention (CDC). Many parts of this project are being managed by the ASHLIN Management Group (ASHLIN). ASHLIN is a private sector consulting firm with a focus in the area of health and human services based in Greenbelt, MD. They are helping CDC implement the Work@Health™ program. The Public Health Management Corporation (PHMC), a non-profit, public health institute located in Philadelphia, PA and part of the ASHLIN Team designed this survey.
- You are being asked to complete the survey because you will be participating in the Work@Health™ training.
- Your participation is voluntary, and you may skip any questions you do not want to answer. You may also choose to end the survey at any time.
- The survey is designed to take about 20 minutes.
- There are no right or wrong answers or ideas – we want to hear about YOUR experiences and opinions.
- All of the comments you provide will be maintained in a secure manner. We will not disclose your responses or anything about you unless we are compelled by law. Your responses will be combined with other information we receive and reported in aggregate as feedback from the group. In our project reports, your name and your employer's name will not be linked to the information or comments you provide.
- There are no risks or benefits to you personally for participating in this survey.
- CDC is authorized to collect information for this project under the Public Health Services Act.
- If you have any questions, you can contact Kristin Minot. Her phone number is 215-985-2519 and her email is Kristin@phmc.org.
