Re: 2014 NBCCEDP Grantee Survey of Program Implementation

The 2014 NBCCEDP Grantee Assessment of Program Implementation is here!

CDC is conducting an assessment to better understand how grantees are implementing the National Breast and Cervical Cancer Early Detection Program (NBCCEDP). This assessment will provide CDC data about activities conducted during DP12-1205 program year 2 by NBCCEDP grantees and identify important technical assistance and training needs. The results of this assessment are critical to improving the program. A report summarizing results will be generated for each grantee.

The on-line survey is estimated to take approximately 40 minutes to complete. The web-link closes on [actual date TBD pending OMB approval].

Here are some details about the assessment you need to know:

1. The person responsible for day-to-day management of the program should complete this survey.
2. The survey covers DP12-1205 Program Year 2 (PY2) (07/01/13 - 06/30/14)
3. We've tried to streamline questions to reduce your burden; the survey should take approximately 40 minutes to complete.
4. Your participation in this data collection is voluntary and your responses will be kept in a secure manner.
5. Please review the instructions before starting the survey.

READY TO BEGIN? Take me to the assessment! [Link text to survey]

If you have questions about the survey, please contact Stephanie Melillo at bcu6@cdc.gov or 770-488-4294. If you experience technical difficulties accessing the web-link or while you are completing the survey, please contact the IMS Help Desk, at support@nbccedp.org.

Thank you for your time and continued partnership!
